

All About Change

Changes happen to everyone. Change is inevitable and sometimes changes take a long time before we see the completion of it. However, draw strength from this truth, "Whatever the change, or however long the process it does not change Him."

There is no change that happens that can change Him. HE is as HE always has been. He will be what HE will always be. Change is unavoidable and an important part of every believer's life. You cannot fear the changes that are happening. He is the God of change. Change does not change Him no matter how big the change looks. Change does not change the truth of HIS Word. His Word never changes!

HE wants to remind you, "I AM the Lord your God, and I change not." He wants you to take the weekend and reflect on this truth. Nothing can change Him. He is exactly who He said He is. He will do exactly what He said He would do!

I feel a strong unction to encourage you. Do not allow yourself to get into a doubtful spirit because of the changes happening around or in the world. Yes, circumstances change, life changes, jobs may change, Presidents will change and relationships may change, but He changes not. Whatever is happening in your life, or in this crazy mixed up world, it can't change Him.

Moving in faith is what you are called to do. It's part of who you are. Doubt always produces nothing but more doubt, while faith brings hope and miracles. Doubt and activate the flesh, while faith activates the purposes of God.

What is currently being activated in your life? What have you activated in your current situations? Faith or unbelief? Have you let life's changes tamper with your faith?

Beloved, no one can EVER balance faith with unbelief. The two just do not work together, but actually work against each other. Listen carefully, we each have our own race to run. What you "see" along your route determines how you will behave in those situations. Your perception is not just about what you see or experience, but how you "see" the experiences.

What do you see? How are you "looking at" what you see? What is driving you? Is faith your steering wheel or is it your spare tire? The Lord is calling you today to reflect on Him. Watch your responses to what's happening around you. He is saying, remember, "My child, you can only respond one of two ways (in faith or in doubt). Things are changing. It's unavoidable. However, I do not change."

Doubt ALWAYS leads us to a place of destruction where our faith is concerned. You are either walking in the flesh or walking in faith. There is no middle ground. What you allow to be activated in your life will greatly determine how you walk through the "changes" that are coming. And we all know deep within, changes are coming.

Embrace the truth of what HE says, not what circumstances or anything one person says. Embrace what HE says. HE is saying, "Changes do not change Him." Again I emphasize, "Whatever the change is, it does NOT change HIM." HE is constant. HE is consistent. HE is the same yesterday, today and forever. HE is as HE always has been. HE is never ending.

Change is coming. You can't stop it. You don't have to be a rocket scientist or prophet to see it coming. The GREAT news is, "Whatever the change is, it does NOT change Him."

Lord we believe You, we trust You and we love You. Today, we agree and receive the truth of WHO YOU are to us. We agree that change cannot change You. We agree that You are constant. We agree that You are consistent. We agree and rejoice that You are as You've always been. That You are never ending. That You are always good. That You are always faithful. That You are always true. That You love us with an unconditional love. May every waking moment of our lives bless You.
