

CHICAGO TITLE®

TITLE INDUSTRY COMPARISON

Strength | Expertise | Service

Chicago Title is a member of the nation's largest title insurance company, Fidelity National Financial. FNF's family of underwriters and brands issue more title insurance policies and coverage than any other company in the country. As of June 30, 2022, the FNF family of title companies reported a total of \$1.843 billion of Claims Reserves, far exceed any of our national competitors in the industry. It is of vital concern to all property owners when it comes to measuring such reserves, as your future claims depend on them. Take advantage of our financial strength, industry experience, superior customer service, and be at peace with your title insurance partner choice.

As we continue our journey to become your strongest industry partner, we wanted to thank you for your continuous patronage and support over the years. You can trust that we will continue to provide best-in-class service as well as innovative technology in the years ahead!

Don't put your reputation at risk by relying on a title company that lacks the financial reserves needed to thrive, especially in this uncertain economy.
