

ON-SITE ANTIFREEZE RECYCLING LLC

CAPABILITY STATEMENT

~We All Live Downstream~

COMPANY PROFILE

On-Site Antifreeze Recycling, LLC is an award winning industrial recycling company specializing in the reclamation of used antifreeze. On-Site Antifreeze Recycling, LLC uses a vacuum distillation method to remove all dissolved solids from used antifreeze and reclaims a pure glycol stream. On-Site Antifreeze Recycling, LLC produces a virgin quality, vacuum distilled, precision blended Gly-Cool™ Coolant/Antifreeze. We will deliver to you with the highest level of personal prompt service, and do it at a competitive price.
