The purpose of this illustration is to depict the Total Solar Eclipse of December 4, 2021. It will occur directly over the South Pole in the ‘Underworld’ that Antarctica is as an isolated continent. What is very peculiar about this time and place is that the Solar Eclipse occurs in the Sign of Scorpio. Also, the Planet Mercury will be in conjunction with the Sun and the Moon when the Eclipse occurs. The Sign of Scorpio is at the Golden Gate and whose Guardian is Ophiuchus. What might be of a possible Prophetic overlap is that if one aligns the Eclipse with the South Pole, the depiction of the Scorpio motif exactly resembles the Heliofant Logo of the Letter ‘O’ as the Eclipse and a ‘Dot’ for Mercury. What is further intriguing is that if one sees the conclusion of their Occult Short Film, ‘I Pet Goat 2’, the ‘End of the Line’, or Storyline ends with the Debut of their AntiChrist. This AntiChrist figure is directly associated in the Film with Anubis, the LORD of the Dead and Underworld. It is an icy lifeless place. Astronomically, the AntiChrist is associated with the God of Mercury, etc. One is not suggesting that at this precise time and place, the Biblical AntiChrist will appear on the World Scene, but that in terms of His Spiritual maneuvering, it is a major milestone achieved. That perhaps, the World is just about now ready for his Debut. The Message and purpose of the Heliofant Short Film has come to its conclusion, at least Astronomically on December 4, 2021, just 9 years from its release.

The Occult Short Film, entitled ‘I Pet Goat 2’ is about a Storyline that chronicles the Journey of the coming AntiChrist figure as disclosed in the Bible. It was released in 2012 with a retrospect starting with the events of 9-11. But since 2012, there have been some amazing Predictive Programming that have come true. What is the message of the Storyline? The Debut of the AntiChrist that the world and Israel will clammer as their Savior. Oddly, the final scene takes place in the place and time that exactly matches the Total Solar Eclipse in the Sign of Scorpio. The Debut of the AntiChrist that is predicted to occur on December 4, 2021.
The purpose of this illustration is to provide a timeline based on the Occult Short Film that came out in 2012 entitled, *I Pet Goat 2*. It is a clear example of Luciferian Predictive Programming that since 2012 has had many depictions come true. Some may argue that the real life mimicking events could have been man-made and orchestrated. This can be the case but there are certain key events that dealt solely through Nature. The Storyline is about the Journey of the coming AntiChrist figure that debuts at the 'End of the Line', awakened and ready for the 'New Dawn' and Age to come. The Storyline is filled with Biblical inferences and how it mocks the 'Bride of Christ' that is depicted waiting in vain for Redemption. The point of the matter is, is that the Storyline has an ending point and it happens to coincide, Astronomically with the Antarctic Total Solar Eclipse in the Land of the Icy Underworld. The Sign occurs in Scorpio where the Logo of the Heliofant precisely matches the position Mercury will be conjoined with the Eclipse. Thus, this event that culminates the film’s message on December 4, 2021 is a Luciferian Milestone achieved. And if the signaling is of any concern, it would strongly suggest just how close the real corresponding event will then be.

The purpose of this illustration is to show the planetary alignments and the Grand Conjunction of Jupiter with Saturn on the Winter Solstice of December 21, 2020. Pluto will also be in the vicinity of the conjunction and Mercury will be in conjunction with the Sun at the Golden Gate. Venus will be at the claw of Scorpio. What this cosmological tapestry suggests is that the Grand Conjunction signifies a coming drastic change in the social, political, religious and economic order. There are those that interpret this as the coming of the New World Order (NWO). A comet that contains this configuration is positioned on the Sign of Sagittarius. This sign is attributed to the coming AntiChrist figure. He is likened to the Rider of the White Horse from the book of Revelation that describes the 4 Horsemen of the Apocalypse. The Rider has a Bow and a Crown. It is suggested that Sagittarius has a Crown also, Corona Australis. Other are also liking this motif and stating it to the Corona virus COVID-19 planned Pandemic that has lockdown the whole world! The Pandemic started in Wuhan China and spread to the main hotspots of Iran, Italy, Spain, New York and Seattle in the US. Cosmologically, the Grand Conjunction suggests that the AntiChrist is about to enter through the Golden Gate for his debut to the world and will usher in the New World Order that the Grand Conjunction is suggesting. These alignments are also being compared to the Heliofant animation that has an esoteric connotation of the coming AntiChrist figure and the dawn of the New World Order.
SOLAR ECLIPSE PATTERNS
COMPREHENSIVE MAPPING OF THE ECLIPSES FROM 2008-2026

The purpose of this illustration is to focus and amplify the time segment of astronomical eclipses over several decades. An examination will be made to see if there are unique properties and patterns in light of Biblical Astronomy. The complete sequence of solar eclipse types are plotted onto the timeline. The various lunar eclipses from this time period are also superimposed onto the timeline as well. As the solar and lunar eclipses are plotted, there appears to be a significant pattern that emerges, particularly from 2011-2026. What seems to accent and highlight this pattern is a Beginning, a Middle and an End sequence with the Triads in relation to the prelude of 3 consecutive total solar eclipses. The Triads that occurred happened to fall precisely on YHVH’s Feast dates.

There are a total of 3 consecutive years 2008, 2009, 2010 of Total Solar Eclipses leading up to a Triad of Blood Moons and Partial Solar Eclipses starting in 2011. The rare Central Bull’s-Eye Blood Moon occurring on June 15th, 2011 that is directly in line with Jerusalem correlated to its counterpart on July 27, 2018...a 7-year period. The 3rd Triad of 2025 is a Central Blood Moon, and over Jerusalem. The 2 solar Hybrid eclipses of 2013 and 2014 appear to ‘bookend’ a timeframe was well. The Triads span an approximate 7 year period, it might very well be that the Triads could be a clue, astronomically as to when the ‘beginning’ of a prophetic period of Daniel’s 70th Week of Years could commence.

Psalm 19
A PSALM OF DAVID
The heavens declare the glory of God; the skies proclaim the work of his hands. Day after day they pour forth speech; night after night they reveal knowledge. They have no speech, they use no words; no sound is heard from them. Yet their voice goes out to all the earth, their words to the ends of the world.

Solar Eclipse
A Solar Eclipse occurs when the Moon passes between the Sun and Earth.

Lunar Eclipse
A Lunar Eclipse occurs when the Moon passes behind the earth so as to block the Sun’s rays from striking the moon.

Triad
This occurs when there are 3 consecutive Total Lunar Eclipses in sequence or Blood Moons in a row.

Tetrad
This occurs when there are 4 consecutive Total Lunar Eclipses in sequence or Blood Moons.

The Triads that occurred happened to fall precisely on YHVH’s Feast dates. This all inclusive patterns could possibly mark an ‘end’ or a ‘beginning’ to a countdown moment in time that could have prophetic significance of Biblical proportions.

There are a total of 3 consecutive years 2008, 2009, 2010 of Total Solar Eclipses leading up to a Triad of Blood Moons and Partial Solar Eclipses starting in 2011. The rare Central Bull’s-Eye Blood Moon occurring on June 15th, 2011 that is directly in line with Jerusalem correlated to its counterpart on July 27, 2018...a 7-year period. **TETRAD - VIRGO CONNECTION**

The purpose of this illustration is to show some amazing mathematical correlations between the Tetrad of 2014-15 and the up-coming Great Virgo Sign. There appears to be some unique variables that factor in the phi ratio sequence as this study suggests "Prophetic Time" is intertwined with and by YHVH. The 1st observation is that if one takes a day before the start of the beginning Tetrad date of April 13, 2014 and measures out in time a day after from the Great Virgo Sign of September 23, 2017, the day count equals 1260 days. This coefficient is half of the prophetic 2520 variable of which many sacred measurements are taken from and in different dimensions even. Thus the 1260 day count could be a prophetic clue that is for sure a mathematical certainty for the Tribulation period to come.

The 2nd observation is that the Equinox Solar Eclipse on September 23, 2017 is in approximate phi ratio sequence of the calendar date and thus in terms of time between the start of the 2014-15 Tetrad on April 13, 2014 and the Great Virgo Sign of September 23, 2017. Biblical prophecies, Biblical History, Prophecies are all prophetic because they coincide with the Man's Plan of Creation. It is the interpretation and meanings, that is subject to on-going debate. One thing is for sure, Biblical prophecy is a good thing as it is given to humanity and in particular to Israel to warn them of something to come in their prophetic worldview.

The year 2018 or 5778 will witness the 70th Year Anniversary of Israel birthed in a day 1948,...
HYBRID SOLAR ECLIPSE BOOKENDS

SOLAR AND LUNAR ECLIPSE PATTERNS 2013-2023

The purpose of this illustration is to layout astronomically, the Solar and Lunar Eclipses for the decade since 2013. This chart seeks to show the possible patterns of just how the Solar and Lunar Eclipse are juxtaposed to each other. And to have an overall perspective of the characteristics surrounding the years highlighted in these Astronomical ‘Bookends’. All the Solar Eclipses from 2013-2023 on the timeline will be designated, which are 20 total. Only the Total Lunar Eclipses will be listed on the timeline, which are a total of 10. These second day charts will accompany the illustrated timeline to ascertain if any possible number, date or mathematical relationship exists. There does appear to be some very unique number associations, time periods and mathematical relationships to these ‘Bookends’. This timeline may suggest the prophetic and Biblical countdown to the Tribulation Period, the 3rd Temple and possibly the 2nd Coming of Christ.

Given the number of Eclipses, both Solar and Lunar in-between the 2 Hybrids of 2013 and 2023, the symmetry is such that it could constitute a ‘Menorah’ Pattern. It might be a stretch of the imagination but is interesting to contemplate. Could such sequence of eclipses be hinting at the corresponding particular series of Prophetic Calendar? The timeline in-between the 2 Hybrid eclipses, the 8th since Jesus, appear to have a beginning with the ‘Tetrad’ phase with both a Solar Eclipse and a Central Blood Moon in 2013 and then an end with a composition of both types of Eclipses. Throughout this time period, there is a recurring Eclipse Pattern. It might be a stretch of the imagination but it is interesting to contemplate. Could such sequence of eclipses be hinting at the corresponding particular series of Prophetic Calendar?

In the Jewish calendar, the New Year is in Tishri, the 7th month. One unique attribute of the 2015 Eclipses is that the Total Solar Eclipses occur in the New Year (Civil) with the Fall Equinox occurring at the end of Yom Kippur. The last and final Blood Moon of the Tetrad is a Super Moon, meaning it is closest to the Earth in its elliptical orbit around the planet.

This chart shows the patterns of just how the Solar and Lunar Eclipses are juxtaposed to each other. The 4 Total Lunar Eclipses are paired up with their Solar Eclipse that occur 16 days apart. There does appear to be some very unique number associations, time periods & mathematical phi ratio relationships with the Passover-Pentecost-Sukkot Feasts sequence A Tetrad is when 4 consecutive Total Blood Moons occur without any partial lunar eclipse in-between the series. They come in pairs and are separated by 6 months. This Tetrad is suggested to be the 3rd in the cluster series that occurred in 1949 and 1967 on the Passover-Sukkot pattern. It is believed by many to be propheticall relevant to Israel due to the Holy Feasts of YHWH. The purpose of this illustration is to depict the May 26, 2021 to November 8, 2022 Blood Moons that will occur several times, mainly in Scorpio and Taurus. What is perhaps Astronomically Significant about these 4 Blood Moon is it is a “True Tetrad”. Only because the 2nd Blood Moon is 97% Total. Nonetheless, this study will suggest that this Celestial Nexus is a Sign for Israel. And an ominous one as Blood Moons are considered Bad Omens by the Old Jewish. The last Blood Moon of the Tetrad that concluded in 2015 was a Super Moon. Coincidence? Then the 2nd Solar Eclipse occurs in the Sun, Moon and the Stars.

This study, in comparing the prior 4 Blood Moon series, suggests that the 2014-15 Tetrad was more so a Celestial Sign for the Body of Christ. How so? Consider where the Blood Moons took place. In the 2014-15 Tetrad, the 4 Blood Moons occurred alternatively in Virgo and Pisces. These 2 Signs are directly associated with the Church Age. So, what specifically were they saying or “announcing”? One conjectures that the message was to put the Body of Christ on notice that the last Sabbatical Cycle of 7 years was to occur ending with the Rapture. Fall 2015 to Fall 2022.

And then that the transition of translation back to the Dispensation of Israel would occur. In contrast, this 2022 Blood Moon Series is happening more than once in Virgo, Taurus and Aries. These are the Celestial Signs of the ‘Enemy, Sacrifice and Slaughter’ that suggests a coming bloody Crucible that Israel will have to go through.
