The Commission heard concerns from a landowner in Polk Township concerning work that was being done by the township on a county road bordering their property. The concern was that the road right of way was made too steep and would limit the ability of grain trucks to use the road. The Commission will discuss the issue with the Polk Township board who is responsible for maintenance of the road.

Road & Bridge Supervisor, Bill Gray met with the Commission and said the county will salvage the old components off of the bridges we are replacing.
