Bayside Projects Consulting Free Download Reference Guide

The Institutional Assessment and Improvement Plan (IAIP) and the SER are the most challenging documents schools must prepare as part of their initial accreditation process. Preparing an IAIP Report requires first aligning your school’s policies, assessments, benchmarks, surveys, and meetings with ACCSC standards. It reflects an ongoing process of self-evaluation completed annually.

2. Assessment Methods.
3. Annual Evaluation Cycle.
4. IAIP Committee.
5. Student Demographics.
6. Mission Evaluation.
7. Management Evaluation.
8. Fiscal Condition and Budget Evaluation.
9. Administrative Policies and Practices Evaluation.

12. Educational Program Curricula Evaluation.
13. Learning Resources System Evaluation.

IAIP EVALUATION AREAS

ACCSC expects institutional assessment and improvement goal setting, benchmarking, and implementation activities for sections 6 through 17 (as listed above). For each evaluation area:

- Describe evaluation criteria and assessment methods.
- Include an assessment report with the data collected.
- Include an analysis of the assessment and conclusions.
- Establish an action plan to address areas of improvement.
- Document all IAIP meetings with minutes and revised quarterly action plan.
