

Meeting opened with pledge and prayer,

The Ross Jibson memorial bowling event went really well, A good time was had by all, lot of laughs and a lot of gutter balls!

We have a lot going on this year, Roger Collis, our membership officer will have a Membership/Awareness booth at Blessing of the bikes in Baldwin and a few fairs throughout the summer. We have a new Oceana county A/C , Bob Collis, Welcome uncle Bob! If you have not yet called the Secretary of State (517-335-3269) please call and be courteous, we all need to ask who made the decision to take the money for an awareness study and use it for a study that has already been done? We want to know where our money is going!

Region 5 we have bike raffle tickets, please contact Jerry (joker) Showers 231-578-2454 for tickets. Safety and awareness- Midget has reported that she has written a letter to President Trump about distracted driving.
