Grace & Peace from the Pastor's Desk

Matthew 28:5-7

***But the angel said to the women,
“Do not be afraid; I know that
you are looking for Jesus who was
crucified. He is not here; for he
has been raised, as he said. Come,
see the place where he lay. Then
go quickly and tell his disciples,
‘He has been raised from the
dead, and indeed he is going
ahead of you to Galilee; there you
will see him.’ This is my message
for you.”***

Easter is this month! We're a little over halfway through the Lenten season. I hope you've joined us for the book study on "Mere Christianity" by C. S. Lewis, the Holden Evening Prayer Service, and refreshments. The book study has been interesting so far, very deep into logical reasoning about why we believe as Christians. It was initially a radio broadcast to soldiers going into WW II that was written into a book. The Holden Evening Prayer Service has had some visitors from the week before Jesus was crucified as they have been questioned by

the Seeker who is looking for information and hears how people's lives have been changed by their encounter with Jesus or his disciples. I'd like to thank everyone who has taken part in this drama, and Bryan who has led the service. I hope your Christian disciplines, if you chose to do any, have been meaningful during this Lenten season.

As we continue to prepare for our Easter celebration, we look at Holy Week. There will not be a Wednesday evening book study or refreshments during Holy Week. Maundy Thursday will be, as always, a meaningful service with communion, Good Friday will be a Tenebrae Service where we hear the passion readings with hymns interspersed. Only through experiencing the pain of Christ's passion are we able to know the full joy of Easter.

Our Easter joy includes an empty tomb, and the empty tomb is a foundation of our Christian belief. When the women went to the grave for the final burial rituals, they found the stone had been rolled away and the grave was empty. The angel told them not to fear because Jesus was not there, he had risen from the dead. Jesus conquered death once and for all.

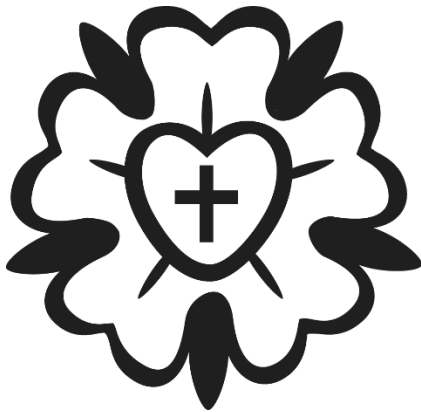

Even though they aren't mentioned in the Bible, eggs became a symbol of the empty tomb. During medieval times eggs were not permitted during the Lenten season, so they were given as gifts to represent the end of the fast; the empty shell reminded people of the empty tomb. The eggs were decorated so that the gift was more festive. Did you know that hunting for Easter eggs is a German tradition said to be started by Martin Luther? He supposedly organized Easter egg hunts for his congregation. The men would hide the eggs for the women and children to find, symbolizing the women finding the empty tomb.

Even jellybeans can be given a symbolic Christian theme. The jellybeans, among other colors, come in black, red, purple, green, white, and yellow and these colors can be used to tell the gospel story. Black symbolizes the sin of the world that Jesus came to take away. Red is the blood of Jesus. Purple is the death of the King. Green is for life when Christ rose. White is for the sins that Jesus forgave. Yellow is for our heavenly home.

I pray you have a joyful Easter celebration. If you'd like to talk with me, I'm usually in the office Tuesday and Thursday from 9:30 a.m. until 2:00 p.m. feel free to stop in, or the phone number is 814-833-4062. You can also call my cell phone at any time 724-557-2386. Please leave a message if I don't answer.

IMMANUEL QUILTERS

FAITH

I'm so pleased and thankful to share this news from our Immanuel quilting group. Approx. 45 quilts were completed and donated by our amazing quilters. Bob & Mary Hauser bagged them up and took them to Rep. Bob Merski's office on 3/16 to be sent to Poland to help comfort Ukrainian war refugees and those providing shelter. Rep. Merski's office indicated that Logistics Plus in Erie is paying for the shipping. (Many of you may have heard on the news that Logistics Plus has an office and staff in Ukraine.)

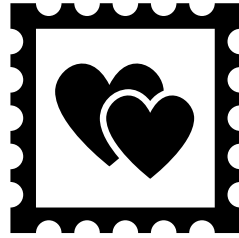

Our prayers and good wishes go with these quilts.
Thank you to all involved.

IN

ACTION

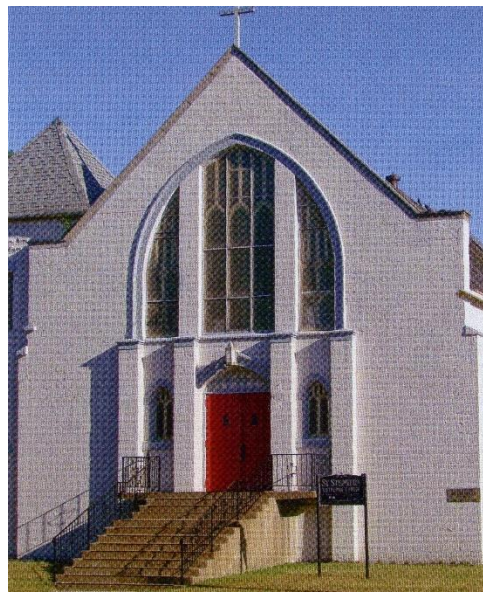

Please remember the members of Immanuel who are "shut in," or having some health challenges and cannot make it to service, you may want to offer them a ride, give them a friendly call, send them a card. The current Shut-In Mailing List is available in the office or the church directory.

If you are sick or in the hospital, please notify the church office and if you'd like home communion or a copy of our newsletter ~ please let us know in the office.

GOD IS HERE....

*"God is wholly present in all creation, in every corner, behind you and before you."
Martin Luther, (LW 51:43)*

This time of year – aaahh!! Spring – Easter – Earth Sunday – we can truly feel that God is present in the air we breathe and ALL of nature. With that in mind we're sharing some prayers of praise along with some info & quotes to ponder. Enjoy – breathe deep ----- AWE!!!

**Creator God, help us to accept your boundaries so that all created things can flourish. Amen*

ELCA – Seasons of Creation

The best remedy for those who are afraid, lonely or unhappy is to go outside, somewhere where they can be quiet, alone with the heavens, nature and God. Because only then does one feel that all is as it should be...amidst the simple beauty of nature. ~Anne Frank - a young German girl & Jewish victim of the Holocaust - famous for keeping a diary of her experiences.

Healing of creation is linked to the healing (or salvation) of humankind. (Romans 8:19-23)

HEADLINES: EPA banned the use of chlorpyrifos on food crops. The neurotoxic pesticide has been linked to worker poisonings and learning disabilities in children.(Reported by the Natural Resources Defense Council 2022)

Loving God, we thank you for the gift of life in all its diversity and beauty. Lord Jesus Christ, crucified and risen, we praise you that you came to redeem all of creation. Holy Spirit, we rejoice that you breathe in the life of the world. Grant us faith and courage to deny ourselves, take up our cross and follow Jesus as caretakers of, and justice-seekers for, your beautiful and bountiful creation. For the blessing of your people, the sustaining of the earth and the glory of your name. Through Christ our Lord, Amen. ELCA – Seasons of Creation

"Look deep into nature, and then you will understand everything better." ~Albert Einstein

Albert Einstein was a German-born theoretical physicist, widely acknowledged to be one of the greatest physicists of all time. Einstein is best known for developing the theory of relativity.

HEADLINES: More Americans than ever before say that they are experiencing extreme weather events. (Pew Research Center).

11 bird species were added to the extinction list in 2021 by the USFWS, and nearly 3 billion birds have been lost since 1970. In this bird emergency, there's no time to waste. (Reported by the National Audubon Society 2022)

"I only feel angry when I see waste. When I see people throwing away things we could use."

~Mother Teresa - considered one of the 20th Century's greatest humanitarians, she was canonized as Saint Teresa of Calcutta in 2016.

Loving God, thank you for entrusting us to be stewards of your Creation. Help us to honor you with our love and care of your divine handiwork. We ask for your forgiveness for our waste and unwillingness to be aware that life doesn't revolve around the human population of this planet but around YOU and all you have created. Amen

ACTION SUGGESTION: MAKE A LIST OF WAYS YOU or YOUR CHURCH HAVE BEEN GOOD STEWARDS OF GOD'S CREATION.

The Green Team's purpose is to "raise awareness of and advocate for the care of creation". Our mission is to support and encourage creation care ministries, raise awareness, model creation care advocacy consistent with ELCA teachings in our faith communities and public life.

Sharing from Lutheran World Relief:

Integrated solutions needed to achieve climate justice and sustainable development

(LWI) – “It is impossible to achieve the agenda for sustainable development (SDGs) without facing the triple planetary crisis – climate change, biodiversity loss, and pollution – using integrated solutions across different instruments and multilateral agreements,” said Elena Cedillo. She is the Program Executive for Climate Justice at The Lutheran World Federation (LWF). “Overconsuming natural resources puts the entire web of creation at risk.”

Cedillo evaluated the outcome of the Fifth session of the [United Nations Environment Assembly \(UNEA-5\)](#) that took place online and in Nairobi, Kenya, from 28 February to 2 March.

“UNEA-5 gave me valuable insights into the significant environmental challenges our planet is facing. Genuine multilateral action to address them is vital as we all share one planet,” said Girma Gudina, Country Representative of the LWF’s Kenya-Djibouti-Somalia program. “I believe it is beneficial for LWF, and especially World Service, to participate in related future assemblies and processes.”

Natan Schumann from the Evangelical Church of the Lutheran Confession in Brazil was previously an LWF delegate to the UN Climate Conference COP26. “It was wonderful to see youth being attentively listened to by country representatives during leadership dialogues and high-level sessions of UNEA-5,” he said. “We should not stop there: youth participation at events like this can and should be increased. It is our future being discussed. For example, the ambitious [resolution at UNEA-5 to end plastic pollution](#) will decisively impact future generations.”

On 2 March, Heads of State, Ministers of environment, and other representatives from 175 nations endorsed a historic resolution to End Plastic Pollution and forge an international legally binding agreement by 2024. The resolution addresses the entire lifecycle of plastic, including its production, design, and disposal.

Rhoda Mutesi Julius Lugaziya from the Evangelical Lutheran Church in Tanzania added that UNEA-5 “played a critical role in reminding us that there is no development at all if nature is compromised.” However, she said it was not too late to change the narrative. “As the young generation, we need to understand that we have everything to gain from acting against climate change and everything to lose if we don’t. So let us all unite and take action now!”

In the spirit of the [UN Decade for Ecosystem Restoration](#), another critical resolution focuses on nature-based solutions: actions to protect, conserve, restore, sustainably use and manage ecosystems. The resolution calls on the UN Environment Programme (UNEP) to support the implementation of such solutions, which safeguard the rights of communities and indigenous peoples.

“Having a universally agreed definition of nature-based solutions is important,” Cedillo explained. When countries and companies claim that their actions support nature-based solutions, it can now be assessed whether this is accurate and what it entails. “Nature-based solutions must not harm nature itself,” Cedillo stresses.

“It was, once again, made clear that environmental health and well-being and protecting and restoring ecosystems are vital for the survival of humankind,” she said.

The LWF engaged at UNEA-5 with a delegation comprising youth, World Service representatives, and Action for Justice unit members. The Assembly theme was “Strengthening Actions for Nature to Achieve the Sustainable Development Goals”. It concluded with 14 resolutions to strengthen actions to this aim.
