Barta enjoying the ride

'Focused and dedicated' Smith Center continues its remarkable run under Barta

By SEAN PURCELL Salina Journal

As the years go by, the company Smith Center coach Roger Barta finds himself among becomes more and more elite.

After yet another undefeated season, the 29-year veteran is now one of only nine coaches to win at least 260 games and one of just eight to claim six or more state championships.

These days the Redmen are arguably as dominant as they have ever been under Barta, this year's Salina Journal Football Coach of the Year, having won 41 straight games including the last three Class 2-1A titles.

But Barta and his players are hardly satisfied. With just seven seniors on its roster this year, Smith Center isn't ready for this ride to end.

"It was just a fun year," said Barta, whose team went 13-0 this season to give him 263 career victories. "We knew we had good players that had the winning attitude, but you still have to go out and do it and they did. The kids really played well."

Barta

That was especially the case in the 2-1A title game against St. Marys.

When it was all said and done, Smith Center's wishbone offense had rushed for 423 yards in leading the Redmen to a 56-26 win — the largest margin of victory in a 2-1A final since 2003 when Pittsburg Colgan defeated Garden Plain 40-7.

"They are focused and dedicated and know what it takes," Barta said of his players. "They did whatever they had to do to keep winning."

Smith Center's blowout win in the finals was certainly a reversal from its 6-2 victory over St. Francis in the semifinals.

Going up against a senior-dominated team coached by Smith Center graduate Tim Lambert, Barta's junior-jaden team scored in the first quarter and relied on its stingy defense to keep St. Francis' wishbone offense out of the end zone.

"I think (our players) knew they had to play at a high level to win," Barta said. "St. Francis was such a good team with a lot of seniors. Our kids were playing against a team that was a year older than they, so to win that game was an accomplishment."

Next year, it will be Smith Center with all the senior experience — looking to become just the seventh team in state history to win four straight titles.

If anything, Barta said the recent success has changed him for the better. "I think some of my former players would say that I have mellowed out, but I don't know about that," he joked. "This is just a fun part of my life, and I'm blessed to work with a great assistant coaching staff and great kids. I really enjoy it, and as I get older I appreciate these years more."
