

While I have watched a majority of the anime on this list, there are also recommendations from clients. They are mostly TV-14. A couple of TV-MA included. I would recommend people watch an episode before using an anime in session because there is imagery and topics that may be considered taboo in America. This is by no means an exhaustive list.

Thanks!!

-Taylor

Anything Studio Ghibli	Pyschopass	Mob Psycho 100
Soul Eater	Blue Exorcist	S-Cry-Ed
