

HANDGUN MAINTENANCE & CLEANING

2 hour course

Minimum number of students: 4

Maximum number of students: 10

Cost: \$100

The Handgun Maintenance & Cleaning course is designed to teach you the proper way to clean and maintain your handgun. We will show you the correct way to field strip, clean, inspect, and reassemble your handgun safely. Regular cleaning and care for your firearm will ensure its proper function for many years.

Instructional topics include:

- Cycle of Operations
- Disassembly
- Maintenance
- Cleaning and lubrication
- Inspection
- Reassembly

Students are asked to bring their own firearm to class as this class is an instructional, hands-on class.

Both classes include a cleaning kit with solvent, paste, CLP Liquid, brush, and towel.
