Re: School Bus Stop Safety Study.

On Monday afternoon June 5, 2017, First Student Manager, Henry Cooper, informed LSBTA staff that the Route 18 school bus had been side swiped on El Toyonal after dropping off students.

Here is the information relayed by Mr. Cooper:

As reported, Cicely was side swiped on El Toyonal at/near Camino del Cielo at approx. 3:21 PM today, 6/5/2017.

There were no students on board, no injuries, CHP was not called to scene, but we will report this to OPD.

As Cicely was coming down the hill, a young (white) male driving a white pickup going up the hill attempted to pass her when contact was made between the two vehicles. Cicely was at a complete stop when contact was made. There is minimum damage to bus, but the truck's driver side mirror was badly damaged.

Cicely was unable to get the truck's license plate number or other info as the driver did not stop, however, other motorist on the road did witness the event.
