

Want me to send you a census record for your ancestors?

- Go to the “contact me” tab and write me a message.
- Ask for one census: 1910, 1920, 1930, or 1940.
- List all the members of the household; their approximate ages that year; and where the family lived.
- I will do the lookup and email you the record as a JPG file. It’s an easy way to start learning about your ancestors!
