

Pre-School & Kindergarten Spring Newsletter

Agriculture in the Classroom (AITC) is a statewide educational program. The goal of AITC is to help students and teachers gain a greater awareness of the role agriculture plays in our economy and society. Our classes include a teaching time followed by a hands-on activity for the students. The programs run approximately 20-30 minutes in length. Teachers may sign up for programs via Jot Forms. A link will be emailed to the teacher to reserve a date and time. If you do not currently receive our emails, please send a request to wfbaitc@winnebagoboonefarmbureau.org to be added to our mailings.

For more information or questions regarding the program, contact Diane Cleland at 815-962-0653 or email wfbaitc@winnebagoboonefarmbureau.org

This Program is provided through generous donations from...

January Program - Delicious Dairy

January 11th is National Milk Day! Help your students learn about milk and dairy products and their importance in a balanced diet. Students will learn how milk is produced, processed, and ends up in the grocery store. A dairy craft is included.

February Program- Woolly Wonders!

Students will learn about sheep, what they eat and how they produce wool for us. Students will see raw wool, clean wool, and learn how it is spun into yarn. A sheep activity is included.

March Program - Pondering Pizza: A Slice of Agriculture!

Students will learn how all the ingredients on a pizza begin on a farm! Students will learn about dairy, pork, wheat, and veggies! Students will do a hands-on pizza activity.

April Programs - Gardening Greatness

Students will learn first-hand about plant germination and growth while they plant seeds and watch them grow! Students will do a planting activity. They will explore how farmers grow their favorite veggies!

May Programs- Busy Buzzing Bees

LOOK OUT! BEES ARE ALL THE BUZZZZ! Explore the world of bees with an interactive lesson discussing the importance of bees in agriculture and the world food supply. This lesson includes a hands-on activity for students.
