

The members of the District 25 Structure Committee have met regularly starting July 15, 2023. We used a ten-step process to create a structure manual recommended by Area 59 Structure Committee. We met with Area 59 representatives for advice. Committee members reviewed other District's Structure Manuals and attended monthly meetings at other districts. A 24-page DRAFT version of the Structure Manual was distributed November 13, 2023. The original deadline for feedback was January 25, 2024, which was extended to March 5, 2024.

GSR's presented the DRAFT version of the structure manual to their home groups for feedback. In addition to District 25 groups feedback, we obtained feedback from a past DCM and the Area 59 Structure Committee. Thanks to all for taking the time to read the DRAFT and to provide feedback. The Structure Committee reviewed the feedback and edited the DRAFT to a PROPOSED version, which was distributed April 2, 2024.
