DESCRIPTION: Here is a structurally sound BP Mustang. White facing limbs; Brown back limbs. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age.

It wasn't worth it to me to refinish the riser. If the riser was stripped, sanded and refinished, this would be a really great looking bow. So if you're looking for a serviceable LH field/hunting bow, or a project bow, the one fits the bill.
