

Hello biker friends,

The weather has been so good to us, many have gotten lots of ride time in. It sure is good to see everyone back out on the road living somewhat of a normal life again. Due to such a eventful and busy month, I really do not have any new updates for you at this time. However, we have attended a few field meets to promote Region 21 and Abate of Michigan. With that being said, I want to extend a big THANK YOU to everyone who has continued to provide us support and encouragement. This region really would not be what it has become without all of you supporting us along the way. So again, Thank you!

As always, stay safe & stay smart.

Mike Robinson

Region 21 RC
