Dear Parents,

I hope this newsletter finds everyone well. It's unbelievable to me that November is here already and Christmas is right around the corner. Yep... that's what I said, right around the corner ! Have you started your shopping yet? :) Don't worry, we still have time!

October in the infant room was lots of fun. We played, explored, did sensory activities, read books, sang songs, and so much more! Brookelyn is now crawling, Lucas is pulling himself up and walking around everything and Graham has very recently started to pull himself up on his shaky legs. Jenson is very fast and he loves to play under the table looking for any leftover scraps. Maliyah and Layne are very quick and love to play on the floor. In fact, it's their favorite thing to do. They explore anywhere they can get. Mattax and Mavis love to talk and tell stories & they have tummy time together. Our last little guy, Delmondo (Del) has just joined our room this week. He's our youngest at a little over 2 months old... so tiny and So adorable! On a sad note... Jenson and Lucas will be leaving us and graduating to the toddler class! We will miss them, but they will be right next door. We can pop in for a hug anytime we want to.

Please remember to send a few extra outfits in their backpack just in case we have to change them throughout the day. Also, dress in layers. Some days can get chilly in our room and others can get a little warm. Happy Thanksgiving a little early...We all have so much to be thankful for!! **As a reminder our center will be closed on November 24-26 for Thanksgiving Break.**

Sincerely,

Ms Carrie K. and Ms. Carrie P.
