

2019 Point-In-Time Count Results

Each January, Placer County and its partners survey homeless individuals. A point-in-time count is only a snapshot reflecting those persons identified as homeless for one night and is not an absolute number. Many people move in and out of homelessness throughout a year.

617

Homeless persons counted

493 individuals/couples (no children) (80%)

124 people in families (with children) (20%)

42 total families

321 Sheltered
