A big "thank you" to Lion John Crossan for taking pictures at the Christmas party and for David Yeckley's help with the games. Too bad no one thought to take pictures of John and Joan Crossan.

Lion Dennis Griffith gave a brief account of a spring event, "Night at the Races" which we approved for March 31st. More information will be given as details are finalized.

December 15th Meeting Notes

Guest Speaker, Kerry Mohn

A presentation on the history of the post card was given by Kerry who is the Curator of Collections at the Ephrata Cloister. The slide show showed postcards from the late 1800's until the present day and some of the changes that occurred over the years.

President Scott Elliott was presented with an award for "growing our club". This was presented by Lion Gwen Burgis.

Did you find the eight snowflakes I put in this newsletter?

For the next several months the newsletter will be sent monthly instead of bi-monthly. There are less events taking place in the winter months.

Lion Bruce Hartman reminded us of the date for January for our Night at Friendly's.
