

# PEER

**Dialogic reading reminder-** The teacher asks children questions, encourages answers, and responds to them.

**PROMPT** the child to say something about the book or page (for example, "What's this? Tell me about this page").

**EVALUATE** the child's response (for example, "Yes, 'mad' is one answer, but what do you think he was mad about?").

**EXPAND** the child's response by adding information to it (for example, "His mother had been worried that he was lost").

**REPEAT** the child's response to make sure the child has learned something from it.
