

Breann Titus

I'm inspired by helping people see their true potential and raising my kids to be kind, strong and happy adults.

I have only been with CAPCIL since February but am very pleased with how the last several months have gone and am excited to see what the future brings!

I have a degree in Communications, customer service and 7 years of Higher Education experience. I have a lot of experience communicating and dealing with people of various backgrounds and demographics. I am comfortable speaking one on one or large groups of people which benefits the agency from a community awareness standpoint. I also come from a highly regulated industry, so I am comfortable with analyzing reports and developing action plans for success.

Community Action Partnership of Central Illinois
