If there are any products you require, that you do not see in this catalogue. Please feel free to contact us, as our team of experts will strive to find exactly what you are looking for. We are dedicated to find the right products for your every need. "If you cant find it...We will source it.

www.fleetwide.ca

FleetWide Products is proud to be your number one source for unique aftermarket truck and trailer products. Our products are all made in North American for the transportation industry. Our main focus is heavy & light duty trucks and trailers. We are best know for our unique Trailer Latch-IT, and the Restore-A-Door and custom First Aid Kits.

Over the years FleetWide has become a leading supplier and marketer of functional and idealistic components throughout North & South America. Our Primary focus include heavy trucks and trailers. Our continuous product line expansion had begun to draw is into other mobile markets. We are now providing the industrial, safety, construction and heavy equipment industries with our reliable and cost worth products. Browse through our catalogue to see our full product line.

Terms / Conditions & Disclaimer

Payment Terms	Net 30 day, Upon Credit Approval. 2% (24% per annum) will be charged on all overdue accounts.
Warranty	Liability for goods found defective, through faults of materials or workmanship, is limited to the replacement or repair of defective products returned within 60 days of purchase on when and if the warranty is offered by manufacturers. If replacement is not possible, a credit will be issued at the invoice price. Under no circumstances will FleetWide allow charges for labour, expenses, or consequential damages. If any information on application or installation are missing, it is your responsibility to request the information.
Returns & Credits	All returns will first be inspected by FleetWide before issuing a credit. All returns must be approved before being returned and sent back. Products must be in their original packaging and must accompany original invoice and assigned RGA number.
Special Order Items	Orders for special parts are non-returnable. Cancellation of any such order may result in a 25% charge for such items as, tooling, engineering, and labour already preformed.
Acceptance	All orders must be accepted by our representatives and are subject to a credit approval.
Shipping Conditions	F.O.B. our warehouse. Orders of \$500.00 or more shipped within Ontario & Quebec (less core charge + HST charge) qualify for prepaid freight (some height & weight restriction apply). Orders Canada wide (not including Ontario & Quebec) qualify for prepaid freight based on purchases of \$2000.00 or more (less core charge + HST). All prepaid orders will be shipped by the courier of our choice. (Restrictions apply)
Core Charge Policy	A core charge will be applied to all remanufactured product at the time of purchase. A core credit will be given only on cores originating from the sale of remanufactured product, and sold directly to the purchaser from FW Products. We will not refund, in dollars and cents, any amount in excess of the core return value. The following are unacceptable for core credit: *Badly rusted or corroded cores from the lack of use or neglect *Units not shown in our catalog or price lists. *Units wrecked or damaged by fire.
Part Numbers	To expedite the handling of your order, please use the part numbers that are listed in our catalogue or on our website.

Prices are subject to change without prior notice and quantities may be limited

Please note that the names of original manufacturers, their part numbers and other descriptive product information is only for the purpose of aiding customers in cross-referencing to FleetWide part numbers. The following is a listing, compiled to the best of our knowledge, of Trademarks used in this catalogue for the aforementioned purpose.

Please take into consideration that we at FleetWide strive to exceed customers need. If there are products that you require that are not listed in our catalogue, we will efficiently do our best to provide you with what you are looking for. We at FleetWide will provide you with an unprecedented level of customer service, support and competitive pricing.

STANDARD KING PIN LOCK

PART #	ITEM
FW7003	Hollow King Pin Lock

Shaped to prevent jamming the 5th wheel.
 Shaped to localize damage, if hit, and minimize effort to remove.
 Strong cylinder locking to make removal without the key very difficult.
 Lock cylinder can be easily removed for cleaning or changing.
 Ductile iron casting.
 Tough yellow flag attached by a strong line, easily replaced if torn off.
 Keyed alike in any quantity, same key number can be supplied.

CUP SHAPE KING PIN LOCK "CLEAN HANDS"

PART #	ITEM
FW7000	Cup Shape King Pin Lock

Prevent Hijacking And Provide Security For Spotted Trailers And RV's With King Pin Locks.
 Fifth wheel locks feature strong steel housing that fits over standard sized King Pin.
 This trailer theft deterrent device is shaped to prevent jamming the fifth wheel in case of inadvertent hook up. Cylinder lock prevents removal without key.
 Cup shaped iron casting keeps your hands clean.
 King pin locks include yellow safety flag.

- Built like a cup to hold the grease away from your hands.
- Cup shape greatly reduces "jamming" from attempted coupling with lack in place.
- Long 5/8 inch locking bolt and "floating" cylinder keeps weight of lock on the 5/8 inch bolt, and not on the 3/16 threaded part. Probably the best, inexpensive King Pin Lock available.

DUAL KNOB PARKING BRAKE LOCK

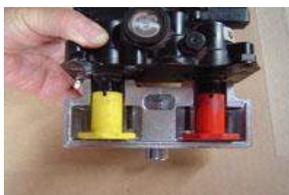

PART #	ITEM
FW7001	Dual Aluminum Truck Lock Universal Application

Owner/Drivers - Reduce risk of theft when on the road.

Protect the trucks in your yard. With the air brake lock you can leave your trucks unlocked during business hours.

Truck service - Use on trucks taken out of service until repairs are made and paid for.

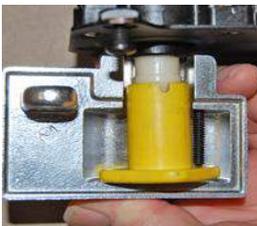

- Strong yet light weight and easy to apply.
- Designed to fit oversized valves up to 2 inches in diameter.
- Unique housing shape allows for use on tractors where other locks do not fit.
- Unauthorized key duplication nearly impossible.

SINGLE KNOB PARKING BRAKE LOCK

PART #	ITEM
FW7002	Single Aluminum Truck Lock Straight Trucks, Buses, RV's

The single knob parking brake lock prevents one from releasing the parking brake until the lock is removed. This two-piece lock fits over the parking brake knob and can be installed very quickly.

Owner/Drivers - Reduce risk of theft when on the road.

Protect the trucks in your yard. With the air brake lock you can leave your trucks unlocked during business hours.

Truck service - Use on trucks taken out of service until repairs are made.

- Rugged Zinc die cast housing
- Simple and easy to install and can be adjusted for a optimal fit
- Unique housing shape allows for use on tractors where other locks do not fit.
- Unauthorized key duplication nearly impossible.

TRAILER GLADHAND LOCK "STEEL OR PLASTIC"

PART #	ITEM
FW6098	Heavy Duty Steel Trailer Gladhand Lock
FW6099	Heavy Duty Plastic Glad Hand Lock

The Heavy Duty Steel Trailer Glad Hand Lock - the perfect way to "Deadline" a trailer
 A safety device for warehouses to prevent a trailer from being moved while loaded.
 A minimum security device to prevent theft.
 For maximum anti-theft protection, use the King Pin Lock

The glad hand lock is applied to the emergency brake (red) connection of the trailer.
 This lock must be removed before the air line from the trailer can be connected
 and thereby release the emergency brakes on the trailer.

Latch-It™

LATCH-IT TRAILER DOOR HOLDBACK

PART #	ITEM
FW1010	Trailer Barn Door Holdback

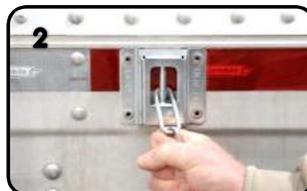

Sold in boxes of 50 pieces only

Repair costs to a broken barn door, resulting in an empty haul, are often result of a failed door hold back. The result was the resently patented **Latch-It** When pulled from any direction, it will not self detach. It can only be detached by the driver. Plated to protect from rust & the boxed in T-bar is built to last, it can only be used one way...the right way! **Latch-It** is primarily designed to holdback Refrigerated Trailer doors but can be used for plymetal, composite & stainless steel swing doors. After researching the way that trailer doors were held while loading and unloading and the amount of damage to doors which occurred from swinging doors, our engineers looked how to devise a latch that is 100% secure with no possibility of unlatching and causing personal injury to workers or damage to the trailer.

- Pin will not bend
- When chain is pulled from any direction
- Cannot be misused
- Reduces empty haulback due to damage
- Plated to protect from rust and built to last
- Made in Canada...Sold worldwide
- Can only be detached by the driver
- **FAST, EASY TO USE, SECURE, EXTRA HEAVY DUTY**

AMEREX FIRE EXTINGUISHERS

PART #	ITEM
FW417TX	2.5 LB. with vehicle bracket- Amerex "Alum Handle"
FW500TX	5 LB. with vehicle bracket-Amerex "Alum Handle"
FW456X	10 LB. with vehicle bracket-Amerex "Alum Handle"
FW411X	20 LB. with vehicle bracket-Amerex "Alum Handle"

ABC Multi-Purpose Rechargeable Stored Pressure Dry Chemical Extinguishers

ABC or Multi-Purpose extinguishers utilize a specially fluidized and siliconized mono ammonium phosphate dry chemical. It chemically insulates Class A fires by melting at approximately 350°F and coats surface to which it is applied. It smothers and breaks the chain reaction of Class B fires and will not conduct electricity back to the operator.

- 6 Year Warranty
- Stored Pressure Design
- Dependable Drawn Steel Cylinders
- Durable High Gloss Polyester Powder Paint
- All Metal Valve Construction
- Temperature Range -65°F to 120°F
- Easy and More Economical to Maintain and Service
- Large Loop, Pull Pin, Car Coded, Bi-lingual
- USCG Approved with Bracket Listed on UL Label

Rechargeable

Class A fires are those fueled by materials that, when they burn, leave a residue in the form of ash, such as paper, wood, cloth, rubber, and certain plastics.

Class B fires involve flammable liquids and gasses, such as gasoline, paint thinner, kitchen grease, propane, and acetylene.

Fires that involve energized electrical wiring or equipment (motors, computers, panel boxes) are Class C fires. Note that if the electricity to the equipment is cut, a Class C fire becomes one of the other three types of fires.

KIDDE FIRE EXTINGUISHER

PART #	ITEM
FW7050	2 3/4 lb. Kidde Fire Extinguisher "Plastic Handle"

Suitable for use on Class B (liquids & gases) and Class C fires (energized electrical equipment).

The Fire Control FC10 unit is fitted with a pressure gauge that provides at-a-glance status, is manufactured from lightweight aluminum and a tough nylon valve assembly. Supplied with plastic bracket with metal strap.

Non-Rechargeable

FIRE EXTINGUISHER COVERS

PART #	ITEM
FW456X-C	10 LB. cover
FW411X-C	20 LB. cover

Fluorescent Red fire extinguisher covers with black imprint & trim

Made of reinforced vinyl, with Velcro closures

Stencilled "Fire Extinguisher Keep Clear"

Cover for 10lbs. extinguisher - 20"h x 12"w

Cover for 20lbs. extinguisher - 25"h x 16"w

FIRE EXTINGUISHER TAGS

We carry a larger variety of Fire Extinguisher Tags Please Inquire for Details

FIRE EXTINGUISHER BRACKETS

WALL HANGER BRACKETS

10 lb. WALL STRAP TYPE BRACKETS

VEHICLE / MARINE / AVIATION BRACKETS

HEAVY DUTY BOX TYPE VEHICLE BRACKETS (Red brackets are Galvanized)

AGENT	SIZE (CAPACITY)	FIRE EXT. MODEL	CYL DIA. INCHES	USCG BRACKET	OPTIONAL BRACKET

	20 lb.	FW411X	7"	FW810	FW810

All Amerex brackets are quality manufactured of steel with a primed and powder coated paint finish. The paint finish assures many years of use and meets the latest U/L salt spray requirements (240 hrs. @ 20% salt solution . ASTM B117).

FIRST AID KITS

PART #	ITEM
FW7051	1-5 people First Aid Kit
FW7051-C	1-5 people First Aid Kit - Customized
FW7051-D	1-5 people Deluxe First Aid Kit
FW7051-CD	1-5 people Deluxe First Aid Kit - Customized
FW7052	2-5 people Federal Occupational Kit
FW7052-C	2-5 people Federal Occp. Kit - Customized

FW7051 Includes:

- 2 Compress Bandages
- 1 First Aid Pocket Guide (bilingual)
- 4 Gauge Pads
- 2 Gauge Rolls
- 1 Pair Nitrile disposable Gloves
- 12 Plastic Bandages
- 12 Safety Pins
- 1 Triangular Bandage with Pins
In a Plastic 8" x 5" x 3" Box

FW 7051-D (DELUXE) Includes:

- 3 Strip Bandages 7.5 x 2cm
- 3 Knuckle Bandages 7.5 x 3.75 cm
- 3 Fingertip Bandages 5 x 4.5cm
- 3 Patch Bandages 5 x 7.5cm
- 1 Cloth Tape 1.25 x 2.25cm
- 1 Pair Bandage Scissors
- 1 Bag Assorted Safety Pins (12/bag)
- 1 Straight Splinter Forceps 9cm
- 3 Anti-Microbial Hand Wipes
- 3 Povidone Ointment Packets
- 1 Triangular Bandage & Pins
- 1 First Aid Pocket Guide (Bilingual)
- 1 Plastic Strip Bandages 7.5 x 2cm (12/box)
- 1 Box Gauze Roll 5 x 4.5m (2/box)
- 2 Compression Bandages 10 x 10cm
- 4 Gauze Pads 7.5 x 7.5cm
- 1 Bag Antiseptic Towelettes (12/bag)
- 1 Burn-free Packet (1/8oz)
- 1 Elastic Support Bandage 5 x 4.5cm
- 1 Small Instant Cold Pack
- 1 Pair Disposable Nitrile Gloves
- 1 Iodine Remover Pad
- In a 9" x 7" x 3" or 8" x 5" x 3" Box
Ontario Regulated

FW7052 Federal First Aid Kit Includes

- 1 Pocket Guide, Bilingual
- 10 BZK Antiseptic Towelettes
- 12 Plastic Bandage, 7.5 x 2cm
- 2 Triangular Bandage
- 1 Silver Rescue Foil Sheet
- 1 Compress Bandage, 10 x 10cm
- 4 Gauze Pads, 10 x 10cm
- 10 Gauze Sponges, 8 Ply,
- 1 Straight Splinter Forceps
- 1 Disposable Nitrile Gloves
- 1 CPR-Aid Rescuer Device
- 1 Accident Record Book
- 1 Bandage Scissors, 14cm
- 2 Conform Bandage, 7.5cm x 4.5m
- 1 Cloth Tape, 2.5cm x 4.5m
In a Plastic 8" x 5" x 3" Box

Federal Kits are regulated and certified for use in all Canadian Provinces

Personalized Kits are available with a onetime logo set-up fee.

Minimum quantity of 100 boxes is required for personalization.

Packaging: sold in quantities of 50 kits per box

Packaging: Sold in quantities of 24 per box

HARD HATS

PART #	ITEM
FW7120	Peak- Hard Hat
FW7121	Peak- Hard Hat c/w Ratchet

The Peak features a rain trough, HDPE shell, slots for accessories, 4 point suspension (3 levels for height adjustment), adjustment is a pin lock. ANSI Type 1 Class E certified.

The Ratchet hard hat features a rain trough, HDPE shell, slots for accessories, 4 point suspension (with 3 levels for height adjustment), and the adjustment is a ratchet. This ratchet adjustment offers a tighter & comfortable fit. ANSI Type 1 Class E certified.

Packaging: Sold in quantities of 20 per box

Available in a variety of colors

WELDER MITTS

PART #	ITEM
FW7122	One Finger Welders Mitt (10 per box)
FW7123	Five Finger Welders Glove(10 per box)

High quality split leather welding gloves feature a continuous one-piece back and thermal cotton lining for additional protection and comfort. One or five finger gloves are suitable for welding or for abrasive and heavy-duty industrial applications. Grey in color.

NITRILE DISPOSABLE GLOVES

PART #	ITEM
FW7124	Nitrile Gloves - Small
FW7125	Nitrile Gloves - Medium
FW7126	Nitrile Gloves - Larger
FW7127	Nitrile Gloves - X Large

Alternative form of protection for those that experience allergic reactions to natural latex rubber. These gloves are powder-free. They offer equal or greater comfort, dexterity, and touch as latex gloves, and have excellent tear and puncture resistance. Offer increased protection against solvents and oils. Available in Small, Medium, Large, and X-Large.

Packaging: Sold in quantities 10 boxes (100 pairs/ 1 box)

PLACARD HOLDER & CLIPS

PART #	ITEM
FW2022	Aluminum Placard Holder
FW2025	White Aluminum Placard Holder
FW2027	S.S. Placard Holder Replacement Clip

Pre-Punched holes with riveted construction
 S.S. Spring clip-holds placards in place. Sold in quantities of 60 per box
 S.S. Clips sold in quantities of 100 per bag

SPLIT PLACARD HOLDER

PART #	ITEM
FW2023	Aluminum Split placard
FW2026	White Aluminum Split Placard Holder

Aluminum Split Placard Holder Complete with S.S. Clip (60 per box)
 Corrosion resistant Split placard, Unpainted die stamped aluminum

TUBE DOCUMENT HOLDER

PART #	ITEM
FW1011	Tube document holder
FW1011C	Replacement End Cap

Predrilled brackets and all weather EPDM rubber cap on both ends
 Sturdy aluminum construction, corrosion resistant

ROUND TWIST LOCK & SNAP-ON LIDS

PART #	ITEM
FW5049	4" Round Holder w/ twist-lock type lid
FW5049L	4" Replacement twist lock lid w/ gasket

PART #	ITEM
FW5050	4.5" Round Holder w/ snap-on type lid
FW5050L	4.5" Replacement twist lock lid w/ gasket

Round plastic document holder with twist-lock or snap-on lids
 Plastic seals tightly to keep documents safe and dry

MANIFEST BOX

PART #	ITEM
FW5051	Weatherproof Manifest Cover Box

Holds permits, logs, registration and manifests
 Stainless Steel latch, hinges and internal document clip
 Dimensions: 8"X13"X1.5" (Outside size) 6.5"X11.5X1.25" (Inside size)

Highly reflective, microprismatic sheeting. **D.O.T. Approved**
 Pressure sensitive adhesive for easy application to trucks, trailers &
 large vehicles to enhance visibility and detection distance
 Available in Red & White, Red, Yellow and White Rolls and Sheets

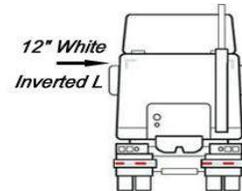

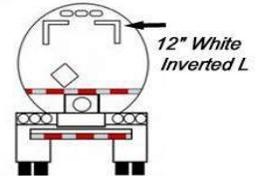

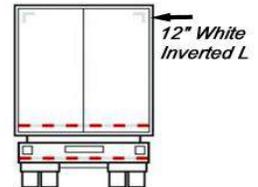

Side Marking Requirements

Must cover at least 50% of sides with DOT C2 Reflective Tape

Rear Marking Requirements

75-AM MANUS BOND - SEALANT

PART #	ITEM
FW6069	White
FW6070	Aluminum Gray
FW6071	Black
FW6072	Colonial White

Packaging: Sold in quantities of 30 caulking tubes per box

- Non-Sagging.
- Non-Corrosive.
- Non-Staining.
- High Temperature Resistance.
- Low Temperature Flexibility.

Industrial Grade High Performance Adhesive/Sealant

Manus-Bond 75-AM Industrial Grade exhibits excellent adhesion to many substrates including aluminum, brass, steel, glass, granite, marble, wood and many plastics. Cures fast, even at low temperatures. 75-AM Industrial Grade is highly weather resistant and can be painted with most paints. Contains no solvents or isocyanates and is non-yellowing. Conforms to ASTM C920, Type S, Grade NS, Class 25 and AAMA 802.3 Type II Back Bedding Compound. USDA accepted.

PATCH TAPES

PART #	ITEM
FW2020	Aluminum Trailer Repair Tape 4"x 50ft.
FW2021	White Patch Tape 4" x 50ft.

- Weather Resistant Trailer Patch Tape+
- Easy, fast application
- Mill finish aluminum foil & White Foil available
- Aggressive grip & adhesion, immediately leak proof
- Elastomeric modified butyl rubber
- Packaging: Sold in quantities of 12 rolls per box**

Note: Make sure all surfaces are clean, dry and free of oil or dirt when applying tape. Use a nonresidual solvent to remove oil or grease on the surface to be taped. Residue can create a chemical reaction effecting the tape adhesive. Take care to allow the surface to dry fully before application of the product.

ANTI - SKID TAPE

PART #	ITEM
FW5043	black & yellow 1" x 60 ft.
FW5044	black 1"x60 ft.
FW5045	black 2"x 60 ft.
FW5046	black 4"x 60 ft.
FW5047	black 6"x 60 ft.
FW5048	black 12"x 60 ft.
All sold in 60 ft. rolls	

An easy to apply high visibility tape with a resin bonded grit for a long working life. Non-slip tape may be used indoors or outside and can be applied to most surfaces including concrete, metal, wood and tiles. Ideal for marking entrances, stairways, steps and ramps.

Constructed from a thick PVC base layer impregnated with an aggressive 60-grit mineral abrasive compound. The backing has an aggressive acrylic adhesive system for longevity that will form a strong, water-proof bond to most any clean, dry surface while still being temporarily repositionable during the application process.

An excellent and cost effective choice for commercial, industrial and residential indoor and outdoor non slip tape applications. Suitable for recreational areas such as ramps, playgrounds, pool areas, RV's, stairs, work areas, ladders, snowmobiles, scooters, construction machinery, vehicles, machine shops, hazardous floors, industrial equipment, lawn equipment, boat decks, trucks and trailers. To install simply peel the backing off the tape and press the tape firmly onto a clean, dry surface.

BUNGEE CORDS

PART #	ITEM
FW3012	4" tarp strap with "S" hooks

FW3017	31" tarp strap with "S" hooks
FW3018	41" tarp strap with "S" hooks

JB Brand Heavy Duty Flexible Rubber. EPDM with hooks
 These tarp straps are made with primarily natural rubber
 They are abrasion and cut resistant and have superior elasticity and low temperature flexibility
 All straps are pre-assembled with zinc plated crimped S-hooks on both ends

All straps are supplied with hooks installed.

NOTE: Crimped "S" Hook

Packaging: 50 pieces per box Made in Sri Lanka

The most reputable brand in the trucking industry!

2" Yellow Propane Straps (2 Pcs/Set)

PROPANE STRAPS

PART #	ITEM
FW7128	2" Propane Straps

Propane Straps for securing Fork Lift Propane Tanks. Two Pcs/set.
 2" Logistics Yellow Propane Straps
 Two Pcs per Set.
 B/S: 3,300 lbs

Packaging: Sold in quantities of 10 sets

MOVER STRAPS

PART #	ITEM
FW7129	Mover Straps

Mover Strap safely secures heavy loads for lifting.
 Made from 2" B quality polyester seatbelt webbing
 Slider Bar Buckle attached
 Length: 15'
 Length can be customized
 Assembly B/S: 500 lbs

MOVING BLANKETS

PART #	ITEM
FW7140	Moving Blankets - (12 per case)

An economical way to protect furniture and other large items during transport and storage. Resists tear, protects from scratches and are reusable.

Blue / Blue with black binding edges
 Quilted with lock-stitching
 5.5 lbs per blanket
 Packaging: Sold in quantities of 12

COIL BUNKS

PART #	ITEM
FW7139	Coil Bunk

Coil Bunk 33.25" long x 2.75" wide x 2.85" high
 Steel, painted Black
 Used with timber to stabilize metal coils in load securement
 Packaging: Sold in quantities of 10

PVC Tarpaulin for Tarpaulin covers for cargo protection on flatbed trucks. Material can be used for stitching bags, tool holders, warning signs and other customized applications.

Premium Trailer Cables TPR

Cable remains flexible at -65°C (-85°F). High dielectric strength. TPR (thermoplastic rubber) outer jacket resists abrasion and is oil-resistant. Color-coded multiple conductors. Constructed with the highest grade copper stranding available, recommended for rewiring trailers to ICC regulations. Manufactured to provide superior performance.

GLADHANDS & ACCESSORIES

3-Function Holder

CABLE CADDY - Gladhand/7-Way Plug Holder

PART #	ITEM
FW34211	Holds one electrical plug and two gladhands

- Constructed of durable ABS plastic
- Keeps gladhands and electrical plugs out of dirt, grease and other contaminants.
- Mounts with plugs pointing down to prevent moisture from gathering reducing corrosion.

4-Function Holder

PART #	ITEM
FW34211-2	Holds two electrical plugs and two gladhands

- Constructed of durable ABS plastic
- Keeps gladhands and electrical plugs out of dirt, grease and other contaminants.
- Mounts with plugs pointing down to prevent moisture from gathering reducing corrosion.
- 4-function holder used for brake systems equipped with ABS

GLADHAND DUMMY BRACKET

PART #	ITEM
FW313-00	Single gladhand holder

- Single gladhand holder
- Made for extreme durability
- Plated for corrosion resistance

GLADHAND DUMMY SHUTOFF

PART #	ITEM
FW313-01	Dummy Shutoff Coupling with Chain - Vented
FW313-02	Dummy Shutoff Coupling with Chain - Non Vented

~ Use to shutoff gladhand air flow when trailer is disconnected

GLADHANDS

PART #	ITEM
FW313-E	Emergency Red, Straight Mount Glad hand
FW313-S	Service Blue, Straight Mount Glad hand
FW313-U	Universal, Straight Mount Glad hand

Aluminum construction, with steel wear and color plates.
1/2" NPT Pipe Port
Glad hand Seal Included

SHUT OFF GLADHANDS

PART #	ITEM
FW441004	Shut Off Service - Blue Glad Hand
FW441014	Shut Off Emergency - Red Glad Hand

Aluminum Glad Hand
Bracket mount with shut off tap
Designed for double trailers
Integrated shut-off valve
Color coded connector plate for easy identification
Includes bulk head fitting
With Polyurethane dust flap seal to protect against debris

ANGLE MOUNT GLADHANDS

PART #	ITEM
FW441019	Angle Mount Glad Hand - Emergency Red
FW441023	Angle Mount Glad Hand - Service Blue

Angle mount gladhand, bottom port, with filter screen and 3/8" pipe port. Wrap-around connector plate provides additional strength. Glad hand for use on trailers only. Powder coated connector plate for corrosion protection
Zinc-coated detent plates
Keyed for positive connection
E-coated screws for corrosion protection

SWIVEL MOUNT GLADHANDS

PART #	ITEM
FW441102	Swivel Mount - 45° Glad Hand - Emergency Red
FW441103	Swivel Mount - 45° Glad Hand - Service Blue

Provides the lowest projection height form the "trailer skin"
Corrosion free, stainless steel torsion spring
45° degree swivel designed elbow permits optimal air line entry from either the bottom or back port
Eliminates expensive swivel type hoses and permits the use of inexpensive nylon reinforced tubing.

GLADHAND SEALS

PART #	ITEM
FW4012	Glad Hand Seal - Surface Sealing Type
FW4013	Glad Hand Seal - Compression Type (Wide Lip)
FW4014	Glad Hand Seal - Closed Type with Flaps

Superior Quality Nitrile Rubber Seals
Packaging: Sold in quantities of 100 each

POLY GLADHAND SEALS

PART #	ITEM
FW-312BS	Blue Polyurethane, Surface sealing with Screen
FW-312BRS	Set of 2 Blue & 2 Red Polyurethane Surface Sealing Seals with 4 Screens
FW-312RS	Red Polyurethane, Surface Sealing with Screen

Superior Quality Polyurethane Rubber Seals
Packaging: Sold in quantities of 100 each
Each seal comes with a screen

GLADHAND GRIPS

PART #	ITEM
FW36430	Color coded Gladhand Grips

Designed to make gladhand coupling easier, while extending the life of air coils on air lines.

Installs between gladhand and the air line

Color coded red and blue

Heat, cold, oil and UV resistant

Sold in set of 2

PART #	ITEM
FW-315	Solid Aluminum Glad Hand Grips

Solid aluminum 1 piece design

Red & Blue Anodized knurled grip surface

Sold in set of 2

GLADHAND PACIFIER

PART #	ITEM
FW441721	Glad Hand Pacifier

Keeps airlines and exposed glad hands free from dirt, insects and moisture.

2 - piece nylon strap keeps pacifier handy and easy to find.

COIL AIR HOSE

PART #	ITEM
FW451036	Coil Air Hose Set - 15ft.
FW451061	Coil Air Hose Set - 20ft.

Hose assemblies come in sets of one red and one blue.

150 psi working pressure

Conforms to SAE J844

Operating temperatures of -40°F to +200°F

POGO STICKS

PART #	ITEM
FW7141	40" Pogo Stick w/3-Hose Holder

Designed for use with heavier ABS cables. Extra heavy-duty internal spring. Heavy-duty 7/16" Aircraft-quality mounting bolt. Includes 3-hose holder. 8" coated spring for corrosion resistance.

Pressure Control Valve - 3 Port
Zero psi To Reservoir Pressure

Valves have countless applications in a variety of industries. Turn to FleetWide Products for all the Norgren valves you need, or consult with one of our representatives to learn which valve is right for your situation. Our selection includes:

- * Poppet Valves
- * Press Double Safety Valves
- * Lockout Valves
- * Solenoid Valves

Highlights of Norgren Poppet Valves include a long life, they are easily serviceable and can handle a high flow, they are made with a lightweight aluminum body. The Press Double Safety Valves can get rid of overlap in different brake and clutch systems and limit excessive vibration as well. Lockout Valves feature a cast aluminum handle and body that is built to last. Norgren Solenoid Valves incorporate a pilot valve silencer to reduce noise. We have the Norgren regulator, filter, and valve options your systems require.

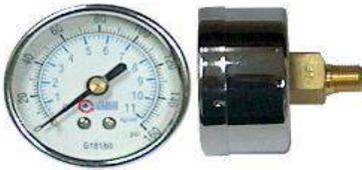

Please call in and talk to one of our sales representatives for further information and product pricing & availability.

REEFER TRAILER CHUTES

REEFER CHUTES

	PART #	ITEM
	FW1200	Reefer Trailer Chutes

Whether you are a trailer dealership, repair shop, or fleet, FleetWide is pleased to offer you high quality reefer chutes at a very competitive price.

Made from 12oz, rip stop polyethylene

We know the abuse that trailers take on a day to day basis, this is why quality comes first. Universal fit for Carrier or Thermo king reefers.

The Chute design provides uniform temperature throughout the entire trailer by using an adapter and chutes that move the air flow from the reefer unit to the rear of the trailer. Without these Chutes, the cold air blowing from the reefer unit would not reach the back of the trailer before heating up. Pop Up & Mesh Chutes available.

Operational and performance requirements of over-the-road temperature control units are unlike any other. These belts are designed and built especially for your system and its specific temperature requirements. You can depend on the belt to withstand the heat specific to your application. Premium materials mean superior temperature and chemical resistance, resulting in longer belt life. When you buy our aftermarket belts, you can be confident of fitting the best performing product for your application to protect your investment.

We carry a wide variety of belts for:
Engines, fans, alternators, water pumps, compressor drive, engine idlers, & Fan Drives

Any time you need to change a single belt on a unit, always closely inspect all of the other belts and their condition. Remember - the entire drive system is only as good as the weakest link. Please provide OEM part number when placing your order.

FW2430-HDR	3/8" Single Header Mud Flap 24" x 30" smooth/raised logo
FW2436-HDR	3/8" Single Header Mud Flap 24" x 36" smooth/raised logo

Our biggest selling printed & non-printed rubber mud flap. These highly durable rubber mud flaps are fiber reinforced to ensure the highest quality available on the market. These flaps can be silk screened, or raised logo or lettering. Please see below for all coloring and tooling charges.

Printed Mud Flaps Notes:

1 color print included in the price stated in the price list

For each additional color in logo, please add \$1.75 per mud flap

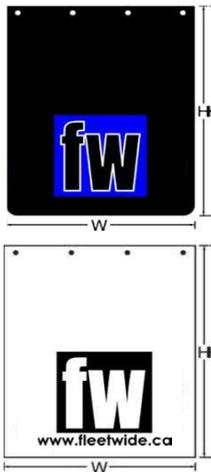

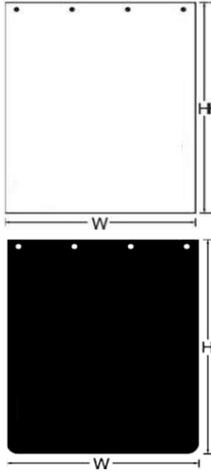

Silk Screen Charges: 1st color is included in the price stated in the price list, each additional color: \$125

Raised Logo Tooling Charges: \$375 per logo, tooling charges are waived on orders of 500 pieces or more.

A very simple plastic mud flap. It is smooth on front sides and its technical properties make it the most durable plastic flap on the market.

1 color print included in price stated on price list. For each additional color in logo, please add \$1.75 per mud flap
Hot Stamp set-up charges: 1st color setup is included in the price. Each additional color is \$125
All Setup fees are waived on orders 500 pieces or more

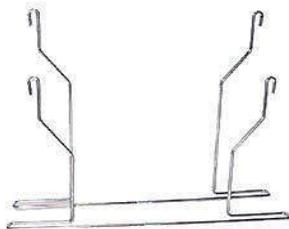

AERODYNAMIC MUD FLAPS

PART #	ITEM
FW2418-OR	Mud Flap 18" x 24" (1/4" thickness) Right
FW2418-OL	Mud Flap 18" x 24" (1/4" thickness) Left
FW243018-OR	Mud Flap 18" x 30" (1/4" thickness) Right
FW243018-OL	Mud Flap 18" x 30" (1/4" thickness) Left
FW2424-O	Mud Flap 24" x 24" (1/4" thickness)
FW2427-O	Mud Flap 24" x 27" (1/4" thickness)
FW2430-O	Mud Flap 24" x 30" (1/4" thickness)
FW2436-O	Mud Flap 24" x 36" (1/4" thickness)

Professionally engineered with each vertical bar of the Aerodynamic flap molded with a patented, curved, wing-type design that makes contact with the water and channels it to the small dead air space on the back side of the flap which form drops that gravitate to the ground. Reduces splashing, and lets air pass through keeping flaps from flapping around at high speeds.

MUD FLAP BRACKETS

PART #	ITEM
FW7012	Anti-Sail Mud Flap Brackets

Prevents mud flaps from curling, lifting and blowing
 Sold in pairs, fits all 24" mud flaps
 21" x 24" chrome bracket
 21" x 24" Zinc bracket

AIR BRAKE HOSE

PART #	ITEM
FW6-250	Air Brake Hose 3/8" I.D.
FW8-250	Air Brake Hose 1/2" I.D.

Sold in 250 ft. Reels

Designed for compressed air brake systems more commonly found on heavy duty trucks. The uniform dual-braided design consists of interwoven spirals providing greater flexibility and improved twist resistance compared to other spiral designs. The rugged elastomeric hose cover is resistant to gasoline, diesel fuel, oil and commonly used road cleaning chemicals. Meets or exceeds SAE J1402 - Type A
 Meets or exceeds DOT FMVSS No. 106 - Brake Hoses, 49 CFR 571.106
 Minimum burst pressure of 900 psi. Designed for operating pressure upto 225 psi. Operating temperature of -40°F to +200°F (-40°C to + 93°C)

FW5092-100	5/32"	0.086	0.025	100ft

Nylon air brake tubing for use in air brake and air suspension systems
 150 psi maximum working pressure, withstands temperatures of -40°F to +200°F. Tubing meets SAE J844 and FMVSS 106 requirements.
 Available colours: black, blue, green, red, yellow, orange.
 Available in 100' spools.

Standard colors in all sizes is black. The 1/4" and 3/8" sizes are also stocked in red, blue, green, and yellow. The 1/2" size is also stocked in red green.

7-WAY PLUG WITH SPRING

PART #	ITEM
FW6092	7-Way Plug w/Spring

Durable, zinc, die-cast housing for rugged service
 Meets requirements of SAE J560
 Brass terminal pins for maximum current carrying ability
 Field repairable with standard tools
 Available with spring guard for improved cable protection
 Fully interchangeable with other SAE-type, 7-way connectors

7-WAY RECEPTACLE

PART #	ITEM
FW6093	7-Way Receptacle

Durable, zinc, die-cast
 7 conductor split pin 2 bolt
 Meets requirement of SAE
 Field repairable with standard tools

BOOT RECEPTACLE

PART #	ITEM
FW6093-1	Receptacle Boot

Reduces Exposure To Contaminants & Moisture

6-WAY PLUG WITH SPRING

PART #	ITEM
FW6094	6-Way Plug w/Spring

Durable, zinc, die-cast housing for rugged service
 Meets requirements of SAE J560
 Brass terminal pins for maximum current carrying ability
 Field repairable with standard tools
 Available with spring guard for improved cable protection
 Fully interchangeable with other SAE-type, 6-way connectors

6-WAY RECEPTACLE

PART #	ITEM
FW6095	6-Way Receptacle

Heavy duty 6 way die-cast connector for rugged service
 Meets requirements of SAE
 Field repairable with standard tools
 6 conductor split pin 2 bolt

4-WAY PLUG WITH SPRING

PART #	ITEM
FW6096	4-Way Plug w/ Spring

Durable, zinc, die-cast housing for rugged service
 Fully interchangeable with other SAE-type, 4-way connectors
 Meets requirements of SAE J560
 Brass terminal pins for maximum current carrying ability
 Field repairable with standard tools
 Available with spring guard, improving cable protection

4-WAY RECEPTACLE

PART #	ITEM
FW6097	4-Way Receptacle

Extended exterior and socket conceals terminals
 SS springs, resistant to water and dust. Polarized
 1/4" mounting holes on 4 way sockets, 2 7/8" on center.
 Mounts through 1 3/8" dia hole.

JUNCTION BOXES

PART #	ITEM
FW907	7 Terminal Junction Box
FW907A	12 Terminal Junction Box

Constructed of high impact, black UV resistant ABS plastic
 Supplied with nuts, washers and grommets

PART #	ITEM
FW907B	7 Terminal Polycarbonate Junction Box

Molded from smoked see-thru Polycarbonate material

HOSE SUPPORT SPRINGS

PART #	ITEM
FW34015	12" Length x 1" Outer Diameter Spring
FW34016	12" Length x 3/4" Outer Diameter Spring
FW34017	25 1/2" Length x 1 1/8" Diameter Spring
FW34114	16" Length x 1 1/16" Outer Diameter Spring

Springs hold either air or vacuum lines.
Heat-treated, zinc-plated spring steel construction for corrosion resistance.
Double wire loop ends for extra strength.

HOSE SUPPORT U-CLAMPS & EYE BOLTS

PART #	ITEM
FW34213	Heavy Duty 3 hole U-Clamp For two - 3/8" I.D. Hoses and One Trailer cable
FW34200	Heavy Duty 3 hole U Clamp For two - 1/2" I.D. Hoses and One Trailer cable

PART #	ITEM
FW34213-S	Standard 3 hole U-Clamp For two - 3/8" I.D. Hoses and One Trailer cable

PART #	ITEM
FW34229	Heavy Duty 3 hole Eye Bolt For two - 3/8" I.D. Hoses and One Trailer cable

PART #	ITEM
FW34268	Heavy Duty 2 Hole Eye Bolt - Reinforced Steel For two - 3/8" I.D. Hoses and One Trailer cable
FW34269	Heavy Duty 2 Hole Eye Bolt - Reinforced Steel For two - 1/2" I.D. Hoses and One Trailer cable

HOSE SPACERS

PART #	ITEM
FW34020	Hose Spacer 3/8" x 3/8"
FW34021	Hose Spacer 1/2" x 1/2"
FW34022	Hose Spacer 3/8" x 1/2"

Made of high-impact nylon
Can be mounted with a cable toe or can be suspended from a hose support spring.

FIFTH WHEEL PULLERS

PART #	ITEM
FW403229	29" Puller (chrome)
FW403239	39" Puller (chrome)

5th Wheel Slider Pin Puller with Safety Catch
 Durable, chrome plated solid steel, with T-bar
 Used to assist drivers in releasing 5th wheels and trailer tandems
 Available in 29+lengths 39+lengths
 Packaging: Sold in quantities of 10

REPLACEMENT FIFTH WHEEL BUSHING

PART #	ITEM
FW4033	Rubber Bushing Kit
FW4033-P	Poly Bushing Kit

5th Wheel Holland Rubber & Poly Bushing Kits
 5th Wheel Pin & Bush for Holland 5000, 5092 & 6000 Series top plates
 Replacement Kit for Holland (RK-06973-1)

REEFER FUEL TANKS

REEFER FUEL TANK

PART #	ITEM
FW205	Reefer Fuel Tank 50 Gallon 22" x 30" Aluminum

Aluminium diesel fuel tanks are purposely designed for trailer refrigeration systems. They are exceptionally robust, light-weight and have additional corrosion resistance associated with aluminium. Ideal for the most extreme environments, they are configured to integrate seamlessly with any fuel tank accessories for added security and fuel level monitoring. The new tank has been ergonomically designed to facilitate easier accessibility to reduce installation times. Other sizes are available. Please call for information.

* All reefer tanks are excluded from the pre-paid shipping

Diesel Oxidation Catalyst (DOC)

Pollution emitted by diesel fueled engines is a main contributor to the poor air quality found in today's society. Even with the stricter standards for today's heavy-duty diesel engines, many existing trucks and buses continue to emit harmful amounts of nitrogen oxides and diesel particulate matter which contributes to very serious health issues.

Fortunately, with the advances in technology we are now able to produce devices to reduce the amount of pollutants which are an unwanted bi-product of older diesel fueled trucks and buses. Using pollution controlling devices such as a diesel oxidation catalyst (DOC) is an excellent example of a device that can be utilized to upgrade your diesel engine or "retrofit" it in order to pollute less.

A Diesel Particulate Filter (DPF)

Designed to remove diesel particulate matter (DPM) or soot, from the exhaust of diesel engines. Diesel particulate filters can remove roughly 85% of the soot found in diesel emissions and can at times, depending on the filter and other equipment it is paired with can attain 100% soot removal efficiencies. Diesel-powered vehicles which are equipped with a DPF emit no visible emissions from the exhaust pipe and far less harmful not only to the environment, but to the general health of those in the vicinity of the running vehicle.

Supported Brands

- ❖ Caterpillar
- ❖ Cummins
- ❖ Detroit Diesel
- ❖ Freightliner
- ❖ Fuso
- ❖ Hino
- ❖ International
- ❖ Kenworth
- ❖ Mack
- ❖ Mitsubishi
- ❖ Paccar
- ❖ Peterbilt
- ❖ Sterling
- ❖ Volvo
- ❖ Western Star

**All Parts are brand new
(not reconditioned)**

**Built as direct
replacements of OEM
parts**

**Tested to produce the
same emission
reductions and produce
the same backpressure
as the original units**

**Can be cleaned in the
same manner as the
OEM parts**

How IT WORKS

The catalytically-coated ceramic monolith contains long narrow channels open at one end and blocked at the other. The exhaust gas is forced to escape by passing through the filter walls, trapping particulate matter (soot) in the filter. At a high exhaust gas temperature, the soot particles burn away and transform into harmless carbon dioxide. The filter also destroys carbon monoxide (CO) and diesel hydrocarbons (HC).

Limited Warranty: Copies of the one-year / unlimited mileage limited warranty statements are available from FW Products upon request.

FleetWide Products sources only the highest quality aftermarket Radiators, Condensers, Heaters and Charge Air Coolers manufactured of Original Equipment Style materials like: plastic/aluminum, copper/brass and copper/plastic. However, purchasing the best products available is only part of our Quality First philosophy.

We are stocking units for most major vehicle manufacturers including Peterbilt, Freightliner, Ford, International, Sterling, Volvo and Mack, and many more.

If we don't have the unit that you need in stock, we have the flexibility to have the unit manufactured for you. By manufacturing heavy duty Radiators, Condensers, Heaters and Charge Air Coolers, we are able to ensure the standards of quality our customers have come to expect time and time again. To Place an order please provide the VIN # of the truck or OEM part number

Compatible with:

INJECTORS & TURBO CHARGERS

We can help you with all your diesel fuel injection and turbocharger needs, from new parts sales to rebuilding your old pump, injector, or turbocharger. In order to give you fast and accurate pricing information, we ask that you provide the engine application, the OEM part number for the unit and the part number of the unit you are wanting information about.

Compatible with:

OIL PANS & FUEL TANKS

FleetWide carries an extensive line of model and application coverage on Fuel Tanks, Oil Pans, Sending Units, Fuel Tank Lock Rings and Straps, Oil Pan Gaskets, Electric Fuel Pumps and Modular Units, covering over 500 different part numbers for domestic and import applications.

- ~ Made in North America
- ~ Manufactured according to original equipment specifications
- ~ Tested on engine in our tooling facility to obtain exact fit
- ~ Prototype road tested before production
- ~ Quality control during all processes of production

5,500 lb PALLET TRUCK

PART #	ITEM
FW7137	5,500LB Pallet Truck

Heavy steal gauge construction
 Heavy duty hydraulic pump with 1 year warranty
 Polyurethane wheels for smooth ride
 Tapered forks with entry rollers
 Three-position ergonomic handle
 5,500lb capacity, 1 year warranty

*All pallet trucks & forklifts parts are excluded from the prepaid shipping

5,500 lb PALLET TRUCK

PART #	ITEM
FW7138	5,500LB Heavy Duty Pallet Truck

Load capacity 5,500lbs, 3 year pump warranty
 Option of single and tandem fork rollers
 Additional entry and exit fork rollers guarantee maximum stability and safety for transporting goods
 Galvanized whole casting hydraulic pump
 Ergonomically designed 3 position handle with comfortable rubber grip allows for optimized safety

PALLET FORKS

Quality and value

- ~ All forks are standard taper
- ~ Forks ship complete with fork pin kit
- ~ Additional in a wide variety of sizes, please inquire
- ~ Sold individually or in pairs
- ~ Call your Sales rep today for further information

PALLET FORK EXTENSIONS

- ~ All Steel Construction
- ~ Powder coat safety yellow
- ~ Warning and operating stickers included
- ~ Sold in pairs
- ~ Please inquire for sizes available
- ~ Call your Sales rep today for further information

FORKLIFT REPLACEMENT SEATS

Available in a large variety and different brands.
 Vinyl, fabric, with or without suspension.
 Seat belts available for all seats.
 Please inquire for further details and product information

STEEL PRODUCTS

STEEL SCUFF LINERS

PART #	ITEM
FW1901	16" x 10ft (10 gauge steel) sheet
FW1902	16" x 10ft (¼" thickness) sheet

Engineered for truck or trailer fleets requiring extreme duty protection for sidewalls and flooring. Full-length (non-welded) scuff has no seams to snag and all holes are countersunk to protect fasteners.
 Call today for more information

- Extremely durable galvanized steel
- Seamless, solid, full-length scuff (no welding)
- Top edge offset to protect fasteners
- Floor lip turn down to increase scuff life and provide a snag free surface

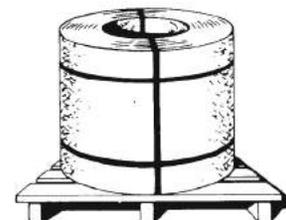

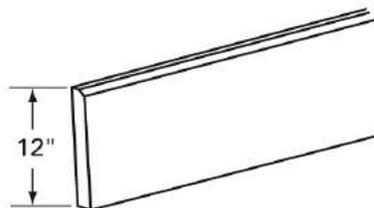

*All metal products are excluded from the prepaid shipping

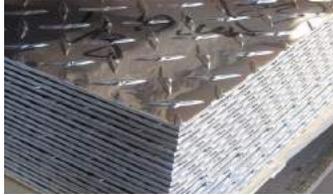

POLY SCUFF LINERS

PART #	ITEM
FW1903	12" x 53ft. (⅜" thickness) Poly Scuff Liner Roll
FW1904	18" x 53ft. (⅜" thickness) Poly Scuff Liner Roll

Poly Scuff Liner is used to extend the life of semi trailer walls, and eliminate the chance for product damage/loss.
 Scuff is also used for radius concrete forms and Race track barrier walls.

CHECKER PLATES

Checker Plate is a type of lightweight metal sheet with a regular pattern of raised diamonds or lines on one side. Checker plates are available in a galvanized plate, aluminum plate or stainless steel plates. Checker plate has a variety of uses mainly on floor boards, factory stair boards, loading ramps, building storage system or any area where an anti-slip flooring is necessary.

All thicknesses of checker plate are normally kept in stock in 4x8 sheets. Some thicknesses may also be stocked in 4x10 or 5x10. Call for availability. Call today for more information

*All steel products are excluded from the prepaid shipping

ANGLE IRON

Steel angle bar is a hot rolled, mild steel angle shape with inside radius corners that is ideal for all structural applications, general fabrication and repairs. Steel Angle is used in industrial maintenance, agricultural implements, transportation equipment, etc.

Please call us today for pricing and sizing. When you contact us, please provide your detail requirements. That will help us give you a valid quotation.

TRUCK BODY PARTS

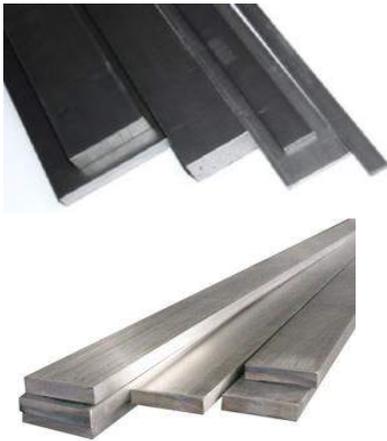

We sell aftermarket replacement hoods, bumpers, doors, grills, headlights, fenders, and skirts on trucks from manufacturers such as Ford, Freightliner, GMC, Mack, International, Kenworth, Mack, Peterbilt, Volvo, Western Star, and more.

We continue to source and add new items to satisfy our customer repair needs.

We strive to maintain continuous quality control improvement program and is committed to provide the highest quality truck parts to meet our customer's demands.

With our inventory and quality, we guarantee the most quality-cost effective pricing to meet your high quality and cost effective truck repair needs. Please call your sales representative for further information on our product line.

FLAT BARS

We can provide steel flat bars for your manufacturing, fabricating and/or contracting needs. Our steel flat bar comes in a variety of sizes. Many industries use hot rolled steel such as industrial, agricultural and transportation industries. The process for making hot rolled steel flat is to strip coil and roll it into bars. Call today for more information

*All steel products are excluded from the prepaid shipping

JUNIOR "I" BEAMS / CROSS MEMBERS

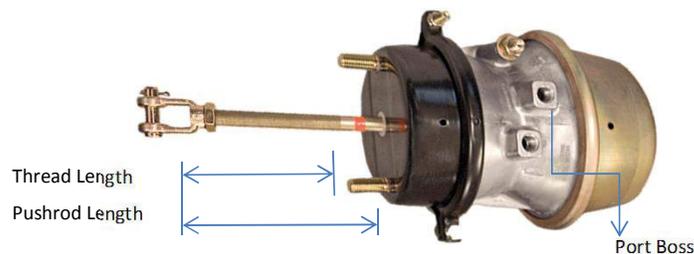

Light weight I-beams used as cross members in truck bodies and van trailers. These are the structural, load carrying components supporting the floor of the truck body or trailer. This material must be high strength, but light weight, in order to maximize the weight and volume of the cargo being hauled. Our cross members are in dry freight vans, flat bed trailers, truck bodies and cargo containers

Cross members are available in various widths and section weights. For dimensions and more information please call us
