ABOUT RKF

The Rahul Kotak Foundation is a recently established NGO based in Kisumu, Kenya. Borne out of a desire to help the neediest members of our society, The Rahul Kotak Foundation embodies the values shared by its founders: charity and compassion to bring about positive and sustainable change.

Having spent most of our lives in Kisumu, we believe one of the best ways of giving back to the city is by supporting its children; especially those living in conditions of abject poverty. Setting out on this mission is proving to be just as difficult as it sounds, but with the support of our local and global communities we hope everybody can play a part in making an impact.

Follow us on our journey via our various social media platforms and feel free to contribute to our cause, be it with donations, suggestions or feedback.

OVERVIEW

FEEDING PROGRAM FOR SCHOOLS

Empty stomachs hurt. By providing food and clean water we ensure the well-being of our children and improve their concentration levels in class.

Under The RKF Feeding Program every child will get a daily, balanced meal of maize and beans (githeri). With only **KShs. 300** you can guarantee a child will get to eat lunch for a month and as a result alleviate absenteeism and malnutrition.

EDUCATION AND SKILLS

Access to education is a basic human right. It reduces poverty and child labor and offers the tools needed to succeed in life.

As a foundation we firmly believe that every child deserves access to the correct learning resources as well as a positive and stable environment to learn in.

Developing the right skills are key to a smoother transition into an independent adult life.
