

HEADQUARTERS
UNITED STATES MILITARY ASSISTANCE COMMAND, VIETNAM
APO San Francisco 96243

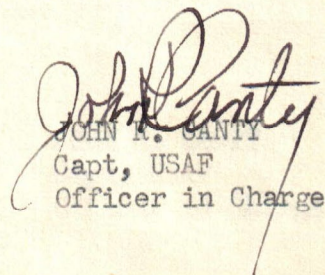

29 July 1965

To whom it may concern

SP5 Ronald Hesketh worked at Armed Forces Radio Service, Vietnam, Saigon, from July 1964 to July 1965. Although not assigned to AFRS Vietnam he performed night and weekend duty during on his off-duty time. Although this duty was entirely voluntary Specialist Hesketh was scheduled for regular shifts and was assigned responsibilities and duties as an AFRS staffer.

While his primary duty was newswriter and newscaster he also pulled regular shifts as announcer at the main control and programmed the regular Sunday night show from 1800 to 2400.

Specialist Hesketh is a dependable mature individual with a deep sense of responsibility. His duty at AFRS Vietnam was commendable, both in his work standards and his efforts. Attempts were made by AFRS Vietnam to procure Specialist Hesketh on a PCS basis however his primary service assignment precluded a transfer to a less critical career field.
