

EMPLOYEE DISCLOSURE

No person who is related to any board member by blood or marriage shall be employed as a teacher or administrative employee except with full disclosure and upon the consent of two thirds of the board.

In addition, the Board, adopts the following ethical prohibition, that it shall not hire any members of the immediate family of professional or support staff employees in the same administrative unit or under the same Immediate supervisor as the employee and not to hire members of the immediate family of administrators and supervisors in units or departments over which they have supervisory responsibility.
