

LION'S GATE KEY COMBINATION

BIRTH OF VENUS, THE BRIGHT AND MORNING STAR

The purpose of this Chart is to illustrate the 3 Celestial Planetary Alignment that occurred at the Lion's Gate, starting on July 22, 2013. The Notion is that how it provides the Celestial Concept of a Spectacular Opening of a 'Gate', a Celestial Portal, at this Sign and Date. This 'Gate' is known as the Lion's Gate in which Venus traversed along the Ecliptic and conjoined with the King Star, Regulus. Venus was at the Heart of the Constellation Leo. This Imagery, transposed onto the 3D View of the Solar System was as though Venus, was coming out of the Lion's Gate, as a 'Birthing' and perhaps others are to go in. The Constellation Leo is associated with Kingship, Royalty, a Man, a King, Messiah, Christ, the Divine Male, etc. What was striking was that the major Giant Planets Jupiter and Saturn flanked the 'Gate' or Portal at this Time, illustrated by the 2 Pillars. In the Biblical Interpretation, Venus is directly attributed to also being a Type of Jesus, the 'Bright and Morning Star', etc.

SIX-DAY WAR

IDF passing through Lion's Gate to Mt. Zion, Jerusalem, Israel.

One theorizes that the Layout of the Earthly Jerusalem is situated to Mirror that of the Heavenly Jerusalem. If that be the case, then the Lion's Gate is the 'Front Door', as it were. And the Astronomical Sign of Leo corresponds to that of Potion, even the Signs of the Mazzaroth, or Zodiac. Not how the 2 Celestial Gates of the Golden Gate and the Silver Gate are at either End with the Lion's Gate in the Midst. This Celestial Symmetry follows how, July 23 is consider the New Year in some Cultures, like the Ancient Egyptians. The Giza Pyramids are thus modeled after Heaven with the Lion's Gate of the Sphinx noting this Representation. And how Heaven has 3 Main Structures that correspond to the Pyramids and the Belt Stars of Orion.

NOTE: STAT OF DAVID

The 'Star of David' Alignment is actually a 'Twin' Occurrence as the one in 1996, 7-Years apart. The initial Composition started in July 22 and gradually rotated to mirror its 'Symbol' around Aug 25.

The 3 specific and consecutive celestial alignments, beginning and ending with the 1) the Star of David, (Twin) 2) the Pentagram and 3) Grand Cross alignments appear to function as a sort of 'combination key' that perhaps is set to open the Lion's Gate. In the Biblical context, the key is Jesus Christ. The Bible does emphatically state of Him

ASTRONOMICAL YEAR (723)

Every year, the Sun enters Aries on the same day as the Spring Equinox. This is the Starting Point of the Zodiac and the Astrological Year. However, the Starting Point for the Storyline of the Mazzaroth begins with Virgo and ends with Leo. Continuing, the Astronomical Year, begins with Leo and ends with Cancer. One is of the Opinion the Lion Gate, configures in-between the Golden Gate and the Silver Gate in the Heavens.

The Lion's Gate is like the Main Entrance to Heaven. The Giza Pyramids depict this configuration on Earth as the Sphinx has the Lion's Gate as a Sentinel that guards the 3 Main Pyramids. Each corresponding to the Trinity. And how the Sphinx was aligned to the constellation Of Leo back some 10,000 Years according to Researchers like Graham Hancock, etc. It is emblematic of the Lion, Leo and that of the Maiden, Virgo fused to represent the Constellations that tell of the Redemption Work of the Lion King, Jesus.
