**Need to Remove  
OIL, GREASE, FATS &  
OTHER ORGANIC  
WASTES?**

OIL RID™ is an *environmentally friendly* safe, fluid applied, concentrate cleaner that removes **oils, grease, fats and other organic wastes**. Ideal for a variety of oil and grease clean up.

Apply to **Buildings and Roofs, Bus Lanes, Car Washes, Dumpsters, Drive-ways, Sidewalks and more.**

Our microbes come in contact with hydrocarbons (oils and grease), they secrete a series of enzymes that digest the hydrocarbons, breaking down the oily substances into harmless invisible gasses (hydrogen, oxygen, water vapor) and carbon.

**1-877-270-4872**

After applying OIL RID™, the oil stain begins to disappear and is replaced with: (1) invisible, harmless gasses, (2) benign enzymes, and (3) after the hydrocarbons are dissolved and the microbes expire they are recycled back into nature.

OIL RID™ is an *environmentally friendly* fluid applied, concentrate cleaner that removes **oil and grease** from surfaces like:

- Architectural Paver Stone
- Concrete surfaces
- Brick & Mortar
- Tile & Grout
- Asphalt

**PRODUCT BENEFITS:**

- Easy to Apply
- Water Soluble
- Non-Flammable
- Non Toxic Biodegradable
- Lower Maintenance Cost

Ask about our OIL RID™ when you need to remove deep, embedded oil from surfaces like Architectural Paver Stone, Concrete surfaces, Brick & Mortar, Tile & Grout, Asphalt.
