

THE SIDEWALKER

STARS Mission:

To provide equine services that enhance the lives of individuals with emotional, intellectual, and physical disabilities.

History:

Since its inception by Sue and Dr. Mark Wheeler in 1984, STARS has quietly grown from a small start-up program to one of Siouxland's most established nonprofit organizations, while also becoming one of the oldest Equine Assisted programs in the Midwest. Today, demand for our specialized form of animal-assisted services is growing by leaps and bounds. The STARS program has been confidently making miracles since 1984.

Volunteers are critical to the success of the program and for the safety of the participants. Without enough volunteers, participants will not be able to safely ride in class.

Please notify STARS as soon as possible for any absences by texting (712.239.5042) so a replacement may be found.
