

## Kaymbu.com Photo/Video Share Statement of Understanding

I understand that in order to document classroom activities, teachers will be taking both pictures and videos in the classroom. I will have access to the entries that include my child. Some entries might be individualized documentation about only my child. Other entries might be about group activities that include multiple children. I will contact the school if there is a photo or video that I want removed. If I want only digital progress reports but no photos or videos, I will let the center know.

I verify and promise that I will not forward or post any photos or videos from Kaymbu to any unsafe persons or websites.

By signing this permission slip, I understand and agree to the use of Kaymbu for my child, \_\_\_\_\_, at Framingham Centre Nursery School.
