Community Guidelines

Adopted January 5, 2005

Introduction

The Community Guidelines established for Crown Ranch are intended to foster an environment of neighborliness, consideration and cooperation. These Community Guidelines constitute Association Rules contemplated by the Declaration. All owners, residents and their guests are required to follow these Guidelines as a means of acting on behalf of the greater good of the community and its well being. The Board has adopted these Guidelines, in addition to the provisions of the Declaration and the Bylaws.

It cannot be stressed enough that all Owners and their tenants be thoughtful and considerate of their neighbors. General rules of good conduct should be observed at all times. The following are general guidelines you, your tenants and guests must observe at Crown Ranch.

Commercial Activity:

No business, commercial, manufacturing, mercantile, storage, vending or industrial operations of any kind shall be conducted in or upon any Lot or the Common Property. This provision does not include construction of the project by the Developer or other authorized builders; however, this provision is not meant to preclude an owner from maintaining a home office and conducting business activities. The business or activity must be consistent with the specific plan requirements for the project (i.e. residential use) and meet the following criteria:

2. The activity or business is conducted in conformance with all applicable government ordinances;

Violation and Fine Procedure

Revised August 16, 2007

1. The Board of Directors shall direct a notice to the homeowner advising them of the nature of the violation and the time limit (30 days) to rectify the violation.

Failure to comply with the request to rectify the violation within 30 days from date of letter will result in a "Notice of Hearing" and shall request that the homeowner meet with the Board to discuss the violation. After hearing the homeowners circumstances the Board will determine if the homeowner should be granted another 15 days to rectify the situation or if the below fine schedule is imposed or legal relief sought or both. Should the homeowner not attend the hearing the fine schedule will be applied.

2. Please note the Board may determine that a "Notice of Hearing" is appropriate to send to the homeowner as the second letter, instead of a "Final Notice", when the violation is determined to be of a more serious nature.
3. If the Board determines at the hearing the violation has not been corrected, the Board of Directors may take any of the following actions:
 - a. Suspend the homeowners voting privileges.
 - b. Submittal of the matter to the Association's legal counsel for further action. Such action will take place in accordance with California Civil Code 1354.
 - c. Levy of a special assessment or penalty in the amount as outline in section 5 below.
4. The penalty schedule is as follows:

Minor Violations:

Including but not limited to lawn maintenance, trash cans not properly stored, unauthorized signage, minor visual repairs, etc.

First violation:	\$250.00
Second violation (same infraction):	\$500.00
Third violation (same infraction):	\$750.00

Major violations:

Including but not limited to failure to obtain architectural (ARC) approval prior to making any exterior modifications, failure to install front yard landscape within six months of first close of escrow, negligent damage to Association property, life threatening or safety violations, etc.

First violation:	\$500.00
Second violation (same infraction):	\$1000.00
Third violation (same infraction):	\$1500.00

*Please note: Special Assessments may be imposed for specific violations outlined in the Association's Governing Documents.

Reporting Violations

Except in those cases where a violation is easily visually verified (i.e. storage of trash cans, unauthorized architectural improvements, recreational vehicle storage in driveways, etc.), homeowners wishing to report a violation must do so in writing and the complaint must be signed by two (2) different residential unit owners.

Anonymous letters or complaints will not be acted upon, unless the violation can be visually verified by way of an inspection of the property. Additionally, while the Board of Directors will not routinely provide the identity of the homeowners alleging the violation, it does not guarantee that the same remain anonymous or have any duty to protect the privacy of such complaints.

In the case of such complaints that may be difficult to verify, the homeowners alleging the complaint should be prepared to come before the Board of Directors to discuss their claims, if the matter should come into dispute.

Finally, the Board may determine the violation to be a neighbor to neighbor dispute in compliance with the neighbor to neighbor dispute resolution policy.

Architectural and Landscape Review Guidelines and Procedures

Revised August 16, 2007

I. Objective:

The objective of the Architectural Control Committee (ACC) is to facilitate the evaluation of proposed improvements for each residence in order to assure and promote a cohesive improvement program which will benefit and enhance the quality of living for each individual family.

Sensitivity to the privacy of each resident regarding visibility, noise, odor, vegetation infringement, night lighting, security, hazardous situations, child proofing, animal control, etc., will be thoroughly evaluated.

Each proposed improvement must first comply with any and all CC&R requirements, as agreed, as well as local codes and ordinances. Approval by the Association does not, however, constitute a representation or warranty by the Association that the proposed improvements comply with local codes and ordinances.

While consideration may be given by the Architect, with regard to the obstruction of any homeowner's view, the documents specifically do *not* protect any homeowner's view, and protection of any such views may or may not be considered when approving a proposed Improvement. Such consideration is solely at the discretion of the approving architect.

These Guidelines and Procedures are in no way an attempt to dictate the character of the design program, but rather to assure that the design program takes into consideration any obstructions and/or adverse effects to surrounding neighbors.

II. Construction and Installation Rules

1. Toilets, sand, construction material and/or other related items are not permitted on the street or sidewalk.
2. Contractors are required to clean up each day after construction by hosing down and/or sweeping the sidewalk and street area. Contractors should not be flushing dirt, debris, sand, etc. into the street or gutter areas. All local Best Management Practices for Storm Water Pollution must be strictly followed.
3. Contractors and/or other service providers may not trespass onto any other lot without said lot's written permission.

4. Construction trailers or equipment may not be stored overnight on the streets or on any lot.
5. All trash dumpsters used during construction and installation of improvements must have a cover placed on them. Please have the trash dumpster covered at all times, except of course when you are dumping materials into the trash.
6. Sand bags or other erosion or sediment control devices installed by Declarant during initial construction should not be removed until Owner's lot is landscaped and the planting is established. All broken sand bags must be removed immediately and replaced.
7. Homeowners are responsible for ensuring that no runoff from the Owner's lot occurs and each Owner is required to take action reasonably necessary to prevent any runoff.

III. Owners/Designer Responsibilities and Procedure:

1. Each owner shall submit three (3) sets of plans, three (3) sets of the ACC application, including neighbour awareness form and three (3) sets of the submittal checklist to the Association for review and compliance. Along with an architectural processing fee of \$150.00 for front **or** rear yard, if submitted separately, \$200.00 for front **and** rear, if submitted at the same time, made payable to Crown Ranch Homeowners Association. If a third plan check is required, an additional \$100.00 will be required.
2. The Owner or his/her design representative shall be responsible for checking the CC&R's requirements and with the local governing agencies to assure that all Improvements and set backs meet the requirements of local codes and ordinances.
3. The Association or their representative shall not be held liable for non-conformance with local codes and ordinances. Nor shall their representative be held liable for site design discrepancies and neighboring non-approvals. **If your lot has any restrictions, it is your responsibility to ensure you are abiding by those restrictions. The Association (ACC or Board) can not approve or supersede any type of restriction on your Lot; therefore, if such restriction is accidentally approved it is the Owner's responsibility to advise of such and approval for such plans will be deemed denied by the Association.**
4. The Owner or his/her design representative shall be responsible for contacting the Association representative at (951) 270-3700 to clarify any comments regarding the design review prior to the re-submittal of the Landscape Improvement Plans.
5. The Association or its agent reserves the right to inspect any improvement at any time during the construction process to ensure that the improvement is being completed in accordance with the approved plan. Per the CC&Rs, each homeowner, by accepting title to their lot, has agreed to such an easement for inspection.
6. If plans are denied by the ACC, plans may be resubmitted with the appropriate changes or modifications. Re-submittal may require an additional 30 days if changes are substantial. If

you are not satisfied with the denial or request for changes, you have the right to appeal the decision of the ACC to the Board of Directors. You must submit your request, in writing, to appeal the ACC's denial, within 30 days of the denial by the ACC. Your request will be placed on the agenda at the next regularly scheduled open board meeting session.

IV. Association Responsibilities:

First Plan Check/Review:

1. We shall review the initial submitted landscape plan(s) for guideline compliance, CC&R compliance and local codes and ordinance compliance.
2. Plans will be approved or denied within thirty (30) days of complete submittal.
3. In the event concerns and/or corrections are required to the provided landscape plans, we shall provide a redline print(s) along with an itemized checklist of the required corrections. We shall also provide re-submittal requirements.

Second Plan Check/Review (if required):

1. Upon re-submittal, a second plan check review will be conducted, with the anticipation that all concerns and/or corrections have been addressed. At which time a letter of "Approval" shall be forwarded to the homeowner.
2. In the event the indicated concerns and/or corrections have not been addressed, in their entirety, we shall again provide an additional redline print(s) along with an itemized list of the required corrections.

Third Plan Check/Review (if required):

1. Upon re-submittal, a third plan check review will be conducted, with the anticipation that all concerns and/or corrections have been addressed. At which time a letter of "Approval" shall be forwarded to the homeowner. There is an additional fee for a third plan check.
2. In the event the indicated concerns and/or corrections have not been addressed, in their entirety, we shall again provide an additional redline print(s) along with an itemized list of the required corrections. At this time, the Board may get involved in the process, if said homeowner is uncooperative with the architect hired by the Association.

House Painting Review Procedure

Adopted January 5, 2005

Submittal Requirements:

1. Photos of all 4 sides of the home from corner to corner along with any additional structures (trellises, gazebos, etc.) that are to be painted.
2. Photos of the fronts of the house on either side of the home being processed.
3. Color swatches of the colors to be used and where.
4. Photo or plan marked up to indicate which color is to be applied to which surface.
5. Justification statements. See below.

NOTE: IF ALL REQUIREMENTS ARE NOT PROVIDED WITH SUBMITTAL, SUBMITTAL WILL BE RETURNED AND WILL BE DEEMED INCOMPLETE AND UNACCEPTABLE.

Justification Statement:

1. Provide a written statement as to whether or not a color change is desired and if so, on what surfaces and elements.
2. Provide a written statement explaining the selection of colors. It is important to provide justification as it relates to the color selection and its appropriateness to the exterior elevation style of the home. (Exterior color schemes are directly related to architectural styles and will be reviewed based upon this criteria.)
3. If existing color scheme utilizes more than one color on stucco surfaces and/or planes, maintain this same differentiation in tone and intensity with new color selections.
4. Provide any photos or references justifying the color selection and its use on the same architectural style of home. Please keep scale of the house in mind. Don't pick a little shed to justify painting a two story house or a large estate or commercial building to justify a single family residence.
5. Provide a written statement justifying the intensity and/or tone of the color based upon the existing tone and color of the neighborhood as a whole, the size of the unit and the distance between homes. The larger the home the greater the need to tone down or soften the color selection. The farther the homes are separated from each other, the greater the need to tone down or soften the color. If the general tone of the color schemes and the neighborhood as a whole is muted, then the color selection needs to be softer and/or more muted.

Review Elements:

- Appropriateness of color scheme to architectural style.
- Color tone and intensity in keeping with overall neighborhood.
- Color tone and intensity in keeping with size of home and separation from neighbors.
- Color compatibility with adjacent homes.
- Does not repeat color scheme of an adjacent home.

1. When a dispute or complaint is brought to the attention of the Board regarding interpretation of rights under, or enforcement of, the governing documents, the Board shall, at its next scheduled meeting, discuss the complaint or dispute and make a reasonable business judgment decision based upon the particular facts as to whether or not it constitutes a Neighbor to Neighbor Dispute.
2. If the Board finds that the complaint or dispute constitutes a Neighbor to Neighbor Dispute, it shall notify the parties of the Neighbor to Neighbor Dispute of its decision.
3. The parties to the Neighbor to Neighbor Dispute shall be required to use best efforts to submit their dispute to either the applicable governmental agency or ADR prior to seeking association involvement in resolving the dispute. For ADR, this may be accomplished by complaining party serving the other (responding) party (ies) with a Request for Resolution in accordance with California Civil Code Section 1354.
4. Upon receiving Written Certification that the parties first attempted to resolve the Neighbor to Neighbor Dispute by contacting the applicable government agency and/or through ADR, the Board shall determine whether a violation of the Declaration or governing documents exists which requires Association action, whether Association enforcement is required under the particular circumstances and, if so, the action to be taken in accordance with Association Notice and Hearing procedures.

THIS POLICY SHALL BE INAPPLICABLE TO ANY COMPLAINTS OTHER THAN
NEIGHBOR TO NEIGHBOR DISPUTES

**POLICY STATEMENT FOR OPEN FORUM
AND BOARD MEETING CONDUCT**
Adopted January 5, 2005

The Board of Directors welcomes resident attendance at the Board meetings, to observe business matters that take place involving the corporation.

In order to give you an opportunity to address the Board, and in accordance with Civil Code Section 1363.05(i), the Board has set aside a period of time at each Board meeting (called Open Forum), to hold the Open Forum.

The Open Forum can address topics on the agenda, or those which may become future agenda items. If you want your concerns known on an agenda item before the Board takes action, the Open Forum is the place for you to express an opinion.

The procedure for Open Forum is simple:

1. Raise your hand to be recognized by the President of the Board OR if there is a sign in sheet, please place your name on the sign in sheet and the Board will call your name.
2. State your concern in clear and simple terms, and please limit it to three (3) minutes.
3. If someone else has already stated the concern, but you have something new to be added to the concern already expressed, then please raise your hand to be recognized; however, the Chair may limit participation to once per owner.
4. Please don't interrupt others while they are speaking.
5. Maintenance related items are to be directed to The Management Trust by calling or writing (Open Forum is not the proper venue to report maintenance items.)
6. Please realize that while the Open Forum is a time for you to express an opinion or concern to the Board, you may not receive an immediate response or decision. The Board will take your concerns into consideration, but may not necessarily act upon them at the meeting, unless the concern is vital to an agenda item decision.

Understanding Board Meeting Conduct:

1. The Board meeting is a meeting of the Directors of the Corporation.
2. As homeowners, you have a vested interest in your community, and you elected the Board members to take care of those interests.
3. Business matters come before the Board when a motion is made, and seconded. Each motion has a discussion period before a vote is taken. This discussion is to take place only between the Board members (and with Management, if needed).
4. When a vote on a motion is taken, it is voted on by the Board members only.
5. If you would like an item to be considered by the Board to be on a future agenda for a decision, please submit your request or suggestion in writing at least a month before the next meeting. If you only want to verbally address the Board, without their making a decision at the meeting, your written input can be received up until the day before the Board meeting. (Note: The Board may be unable to make decisions on items until they have done the proper research and had time to consider their findings.)
6. If you are unable to attend a Board Meeting, you are always welcome to send your concerns in writing to the Board of Directors via the Management Company. Written requests can be sent via fax, mail or email. In order to ensure your concerns are appropriately conveyed, all concerns must be in writing and verbal requests will not be accepted.

Policy and Procedures for Collection of Delinquent Assessments, Fees, Charges and Costs

POLICY: Effective February 6, 2014 the Policy for Collection of Delinquent Assessments, Fees, Charges and Costs is as follows:

Assessments - Assessments subject to this Policy include the monthly regular assessments and any levied special assessments or lienable monetary penalties.

Collection Fees and Costs - The costs of collection of delinquent assessments, including late charges and other costs, and reasonable attorney fees and costs, are included as a charge against a member's assessment account and are included in the amount of any lien recorded against the property and any recovery actions by the Association.

Delinquency - The term "delinquency" shall include any delinquent unpaid regular or special assessments, late charges, interest, and costs of collection incurred.

Foreclosure - A legal process which results in the sale of the property to satisfy the payment of assessments, fees and costs of collection owed on the account.

Partial Payments - If a partial payment is received which is less than the lienable unpaid balance owed on the member's account, including the collection charges, the Association may elect to accept the partial payment. If the partial payment is accepted, it shall not act as a waiver of the Association's right to require payment of all sums.

Payments - Payments received after a delinquent account is assigned to the Association's attorney for collection shall be forwarded by the Association directly to the attorney. If the partial payment is accepted, it shall be credited first to outstanding principal balances on the member's account pursuant to California Civil Code 5650 through 5740 and the remaining unpaid balance shall be subject to this Policy.

Payment Plans - The homeowner may request a payment plan. This request must be made within **fifteen (15) days from the postmark date of the prelien notice**. The Board of Directors shall meet with/respond to the homeowner within **forty-five (45) days from the postmark date of the homeowner request**. Payment plans may be approved at the sole discretion of the board of directors based upon the circumstances of each delinquent account. The homeowner's account will be charged a \$15.00 per month payment plan monitoring and administration fee for payment plans exceeding four (4) months.

Personal Liability - All assessments, late charges, interest and costs of collection, including attorney fees, are the personal obligation of the Owner of the Property at the time of the assessment or other sums are levied according to Civil Code 5650 through Civil Code 5740.

Returned Check Charges - The bank charge (currently \$35.00) shall be added to the account of any member whose check to the Association is returned dishonored by the member's bank.

Statements - Monthly statements are a courtesy to the members and not an invoice for payment. Monthly statements may not reflect any or all collection costs incurred on a delinquent account, including attorney or trustee fees and costs which have been charged to the account.

Waiver of Charges - If a member's account becomes delinquent and the Association is required to incur certain charges due to the member's delinquency, the Association's policy is to not waive the delinquent member's payment of these charges. Other Association Members should not have to pay for the collection charges incurred due to an individual member's delinquency.

CROWN RANCH HOMEOWNERS ASSOCIATION
Policy and Procedures for Collection of Delinquent Assessments (con't)

PROCEDURE:

Due Date: Regular Monthly Assessments are due on the first (1st) day of each month. All other assessments are due on the date levied, and late charges, costs of collection, attorney fees and costs are due upon the date incurred.

Delinquencies:**15 Days Past Due:**

The account becomes delinquent and a **late charge** equal to Ten Dollars (\$10.00) or Ten Percent (10%) of the delinquent assessment, whichever is greater, is charged to the delinquent homeowner's account.

30 Days Past Due:

Interest commences at the rate of ten (10%) percent per annum on all regular and special assessments, late charges, and costs of collection (the "Delinquency") and will be charged to the homeowner's account and appear on their Statement.

Two Months Past Due:

A Prelien package and letter is sent to the homeowner(s) at the Association's mailing address of record by Certified Mail pursuant to California Civil Code 5650 through 5740 informing them of their right to participate in dispute resolution under the association's "meet & confer" program and that the Association shall record a lien against the homeowner's property in the event full payment of lienable assessments is not received within **thirty (30) days**. The delinquent homeowner's account shall be charged \$125.00 for issuance of the Prelien letter plus \$25.00 per owner(s) exceeding two.

Three Months Past Due:

Upon Board approval, the Association shall proceed to have a **Notice of Delinquent Assessment Lien** prepared and recorded against the homeowner's property on behalf of the Association. The delinquent homeowner's account shall be charged \$275.00 for the fees and costs associated with the preparation of the assessment lien and \$35.00 for recording services. A copy of the Notice of Delinquent Assessment Lien shall be mailed to the delinquent owner by Certified and First Class Mail.

Preforeclosure:

Upon Board approval, the delinquent account is assigned to the Association's attorney to prepare an Intent to Foreclose letter to be sent to the delinquent homeowner advising that the attorney shall initiate foreclosure upon the assessment lien unless full payment is received within fifteen (15) days. This letter shall also advise the delinquent homeowner of their right to participate in dispute resolution under the association's "meet and confer" program or by alternative dispute resolution. The delinquent homeowner's account will be charged \$50.00 for the preparation and assignment of the delinquent account to the attorney.

Foreclosure:

If not paid at the expiration of the fifteen (15) day period, the attorney shall commence a non-judicial foreclosure of the assessment lien by recording a Notice of Default and serving it upon the delinquent homeowner with a copy of the board's decision to foreclose. The foreclosure shall be conducted pursuant to Civil Code 2924 in the same manner as deeds of trust. No foreclosure sale shall take place until delinquent assessments exceed \$1800.00 or the assessments are more than twelve months delinquent.

In lieu of proceeding with non-judicial foreclosure of the assessment lien, the Board may elect to proceed with a judicial suit for collection of the delinquency.
