Many Christians say they want to get to know God intimately, but struggle in doing so. It's Time to Fan the Flame… If you look at Timothy 1:6 we are to fan into flame the gift of God. Paul is commanding Timothy to fan the flame and Paul's key instructions to Timothy are to ignite the gift God has given him.

We are to take an active part in fanning the flame within us. This is what God wants in the heart of every believer. To fan the flame means letting go of fear, surrendering, yielding, and trusting Him To fan the flame is a godly passion. Doing what He has commanded us to do fans the flame.

God is true to His Word, and true to Who He says He is. As we put our confidence and faith in Him without reservations it fans the flame within us.

Yesterday Rachael wrote: "*It's time to remove obstacles, and pray for the Lord to remove barriers that we may not even know about but God does and He wants to build up our confidence and our love and our desire for His word. Know that as we desire the increase, the Lord is faithful to give it.*"

God is speaking to us about igniting His ways within us and we can only do that by removing the things that work against our relationship with Him. God wants to break into the world and He can only do this through you and me.

When people see you, they see Him. God wants to rule and He reigns when He is released into situations upon the earth and He does this through you. To allow His Spirit to work in our heart without restriction fans the flame as He becomes greater and we become less" (John 3:30).

Never place limits on how God can use you for when you pursue righteousness, faith, love or peace, you are fanning the flame within you (2 Timothy 2:22). Remember, each person makes a choice and then lives by the choices made. You either fan the flame within you or not.
