

## I AM J.L.

By John Lipinski

I am J.L., I am not J.T.  
I'll go and find him for you, if that would make you happy  
But, I'm the one here, today, the man still on the scene  
Yes, I am J.L., I am not J.T.

Would you rather be lonely, and walk this earth all alone  
A simple dose of reality, overcomes the unknown  
He was the man of your dreams, a fact you made crystal clear  
Your, one and only, it seems, tell me why, he's not here

I am J.L., I am not J.T.  
Was he faithful and true, did he leave you happy  
Will he return to you, maybe, eventually?  
I am J.L., I am not J.T.

Was he ever the one, to pick you up for a date?  
Did he call on the phone, to say that he's runnin' late?  
Did he buy you flowers, just cuz, he wanted to?  
Sing to you for hours, did he say, I love you?

I am J.L., I am not J.T.  
I'd go and find him for you, if that would make you happy  
I'm the one you can see, & I'll be here when you need  
Cuz, I am J.L., I am not J.T.  
I'm standing right here, I am not J.T.
