**BADGER Extra Stored Pressure Hand Portable  
Water**

For commercial and industrial Class A fires

Badger’s water extinguisher is ideal for Class A fires involving common combustibles such as trash, fabrics, wood and paper. Water is economical and easy to clean up. The Badger model WP-61 water fire extinguisher has additionally been UL tested and listed as a “Loaded Stream” fire extinguisher. When properly charged using the Badger AC-40 potassium acetate loaded stream charge (P/N 00792) this extinguisher is approved for low temperature applications down to -40°F (-40° C). For specific recharge instructions, refer to the nameplate and service manual (P/N 24642). The time proven design of the Badger WP-61 Water fire extinguisher makes it extremely effective, simple to use, inexpensive and easy to recharge.

**Features:**

- Heavy-duty chrome plated brass valve
- Stainless steel handle, lever and hose band
- Aluminum internal siphon tube
- Six year warranty
- Five year periodic hydrostatic test interval
- UL Listed and USCG Approved-Meets D.O.T. requirements
- Easy-to-read two-piece nameplate
- Anti-freeze charge available

A - Common combustibles
