Summer 2020

We've got two different camp styles this year, our typical one week play creation camps and a STEAM immersion in which your child will get content from multiple vendors during the week.

Play Creation Camps

Play On! will be holding two one-week camps at MOVE dance space at 19th and Youngfield from 9am-noon June 22-26 and August 3-7.

STEAM-tacular Camps at Colorado Adventure Point and CU Denver

Join Play On! and our favorite community partners for our new concept sampler camp, which will combine immersion in the fields of Science, Technology, Engineering, the Arts and Math with classic summer camp activities for children ages 5 to 12. Our STEAM-tacular Camps encourage collaborative problem-solving, critical thinking, and perseverance through project-based learning. The following providers have teamed up to create weeks packed with a wide variety of fun and engaging STEAM experiences: CodeSpire, JB Sports, Play On, Science Matters and Young Rembrandts. Camps will be held at Colorado Adventure Point in Lakewood the weeks of June 8-12, June 22-26, July 20-24 and July 27-31 and at the University of Colorado, Denver the weeks of June 15-19 and July 13-17. Activities will vary from week to week. Registration is open!
