

PROGRAM FOR PARENTS & COMMUNITY

Face2Face in the Workplace establishes a convenient and stigma-proof way to educate parents and concerned community members about the trends and consequences of adolescent substance use and addiction. Additionally, this program provides information about treatment resources available to any adolescent who resides in New York State

Goals of the program include:

- Educating families and community members of the prevalence and harmful effects of alcohol and drug experimentation, use and dependence among adolescence
- Encouraging healthy choices among youth regarding the consequences of experimentation and addiction
- Providing resources for substance use prevention, treatment, and recovery
- Enhancing community work organizations' Employee Assistance Programs and providing companies an opportunity to encourage work-life balance among their employees
