CHILDREN'S DIVISION (PRESCHOOL, LEVEL 1 AND LEVEL 2)

The children's program is designed for students to develop creative thought and movement, expression, musicality, posture, discipline, coordination, and mobility control. Students are introduced to basic concepts in ballet, tap, and jazz. Starting with Level I, students begin to learn fundamental concepts of the Vaganova method of ballet technique including body positioning, movement direction and vocabulary. Students begin to work on flexibility and strengthening their muscles. At this level and age, student's bodies and muscles are not yet developed enough to endure more than sixty minutes of instruction. When promoted to Level II, DC-SPA recommends dancers take two classes of ballet instruction per week. Additionally, Level II students will be introduced to Progressing Ballet Technique as part of their regular classes schedule. This class will target core strength and muscle memory for improved technique. When students are ready, having mastered the basic concepts of ballet technique, movement and muscle development, they will be promoted to the senior division. This graduation will be based on ability, not age. Most students will remain in the same level for at least two years.

SENIOR DIVISION (LEVELS 3A, 3B AND IV)

Students in the senior division are recommended to take a minimum of three ballet classes and one jazz/hip hop class per week. One of the goals of DC-SPA is to offer a complete curriculum for pre-professional dancers. Adequate training at this level must include ballet technique, pointe, jazz, and other styles of dance. Senior division students are trained in the Vaganova ballet method and, at the advanced level, are exposed to a variety of styles including Checetti and French School. This exposure to diversity will make the dancer's training complete and give them necessary tools to progress. Additionally, Senior Division students will have the opportunity to take Progressing Ballet Technique as part of their curriculum. This class will target core strength and muscle memory for improved technique. Senior division students will also have the opportunity to perform with the DC-SPA Company and Junior Company by audition. Company and Junior Company members are required to take a minimum of three ballet classes per week in addition to scheduled rehearsals as they are announced.
