Total cost of service for one bed	\$450*	\$740*	\$900*	\$12 00*
Total cost of service for two beds	\$595*	\$895*	\$1095*	\$1345*

**\*plus travel when applicable.**

### **Bed Installations**

**Our 4x8'x8" beds are made from 2" thick pine, lined with chicken wire and landscape fabric and filled with custom soil mix**

**Made from a combination of natural composts and earth materials.**

Cost: \$495 for one bed / \$895 for two beds

Optional: 10" stone border to deter weeds/animals - \$75 per bed

### **Drip Irrigation**

**Commercial drip irrigation installed with automatic controllable timer**

Cost: \$235 for 1<sup>st</sup> bed with up to 100' mainline / \$120 for each extra bed

### **Fencing**

**We install two kinds of fence:** a lesser expensive 4 1/2' partially flexible chew-proof barrier option that partially attaches to the bed and partially rolls on and off when accessing it and a 4' hard metal perimeter fence with tight weave hardware cloth that sits 14x10' around a single bed or 16x16' around a double garden and allows you to move freely inside.

Cost: \$225 per bed for flexible barrier.

\$745 for a 14x10'x4' fence with doors / \$995 for a 16'x16'x4' fence with doors.

**Ways to save money:** So that we can help as many people as possible this year, we're offering a DIY discount so that we can install faster. Prepare the spot by digging the sod out and leveling a 10x6' area for each bed and save \$75 per bed.

**Standard Spring crop map includes:**

- Sugar Snap
- Peas
- Spinach
- Lettuce
- Arugula
- Carrots

**Standard Summer crop map includes:**

- Cherry Tomatoes (choose SunGold or Sweet 100)
