Grace & Peace From the Pastor's Desk

Matthew 28:5-8 "But the angel said to the women, "Do not be afraid, for I know that you are looking for Jesus who was crucified. He is not here, for he has been raised, as he said. Come, see the place where he lay. Then go quickly and tell his disciples, 'He has been raised from the dead, and indeed he is going ahead of you to Galilee; there you will see him.' This is my message for you." So they left the tomb quickly with fear and great joy and ran to tell his disciples."

Easter! The word may bring to mind Easter egg hunts, new clothes, bunnies and chicks, an Easter basket filled with chocolate bunnies, all sorts of things that we have associated with the celebration of Easter. But as Christians Easter means we are celebrating our heritage, the resurrection of Jesus the Christ.

Although Jesus was not the first person to be brought back from death, (there are accounts of Jairus' daughter, the widow's son, and of course Lazarus in the Bible), Jesus is the one who impacts the entire world. We have the "little gospel" given to us in John 3:16 "For God so loved the world that he gave his only son that whosoever believes in him shall not perish but have everlasting life."

Jesus not only suffered on the cross for three hours one day, but he also silently took a beating that most likely would have brought him near the brink of death, had a crown of thorns pressed onto his head, and was humiliated as he was wrapped in a purple robe and sneered at by the Romans. And let's not forget that he came from the glorious kingdom to live in this world for 33 years. His entire life was a sacrifice. When upon the cross it is speculated that Jesus cried out to his Father "My God, my God, why have you forsaken me?" (Matthew 27:46 and Mark 15:34) because he felt the presence of God leave him as he took on the sins of the world.

When Joseph of Arimathea and Nicodemus took Jesus' body and laid it in the tomb everyone knew he had died. It was a lifeless body that was laid in the tomb. The preparations for his burial were done hurriedly because it was almost the Sabbath day and that was a task that could not be done on the Sabbath. So the day after the Sabbath the women came to the tomb to properly prepare his body, but the tomb was empty! Jesus was not there. He did appear to Mary in the garden. She didn't recognize him at first, but when he called her by name she knew who he was. Jesus was resurrected! He appeared to the disciples later that day, and he walked the earth for 40 days longer and then ascended into heaven.

Jesus is still alive. He reigns in heaven with God the Father, and, when we allow him to, he reigns in our hearts. May Jesus always mean more to us than all the things that symbolize Easter.

If you would like to talk with me I am normally in the office Tuesdays and Thursdays from 9:30 a.m. to 2:00 p.m. (I may be at a meeting with other pastors on Tuesday mornings so please call to make sure I'm in.) The office number is 814-833-4062. You can call my cell phone any time 724-557-2386. Please leave a message if I don't answer.

Grace & Peace, Pastor Karen

HAPPY RETIREMENT!

Congratulations to Lori Nemenz, Administrative Secretary, who retired on March 23rd, after seven years of service to Immanuel. Immanuel appreciates your hard work and thanks you for the wonderful job you have done keeping our members informed with communications, bulletins and newsletters. Enjoy your well deserved retirement!

WELCOME! NEW ADMINISTRATIVE SECRETARY

*Please join Immanuel in welcoming our new
Administrative Secretary, Delani Kinzig!*

Delani who is a native of Girard, PA currently resides in Fairview with her husband Jared and her six year old son Langston. Delani is a graduate of Edinboro University and brings many years of clerical and computer experience to Immanuel.

Delani enjoys photography, hiking, and collecting rocks and beach glass along the lake.

If you see Delani in the office, please introduce yourself and welcome her to Immanuel!

HOLY BAPTISM CELEBRATION!

Patton William Sharp, Son of James Tyler Sharp and Marion Christina Sharp of Fort Drum, NY, and the Great Nephew of Cindy Eckman, was welcomed into the fellowship of the body of Christ through the sacrament of Holy Baptism on March 12, 2023.

Celebrating National Quilt Day!

The “Close Enough” quilt group celebrated the Lutheran World Relief’s National Quilting Day Project on March 18th. The sewers hosted members of other local Lutheran churches and members from a local quilt guild. The Close Enough sewers demonstrated how quilts are assembled for Lutheran World Relief, sharing the dimensions and how they are layered and tied. Demonstrations included cutting the fabric with electric shears, sewing squares together, binding the quilts, assembling, tying and the use of a ‘holey’ sheet.

A \$250 grant was received from Thrivent to host the event. The grant was used to purchase new shears, needles, scissors, and pins.

Heavenly Father,

...walk with me today and grant that I may hear your footsteps and gladly follow where they lead.

...Talk with me today and grant that I may hear your tender voice, and quicken to its counsel.

...Stay with me today and grant that I may feel your gentle presence in all I do or say or think.

...Be my strength when I weaken, my courage when I fear. Help me to know that it is your hand holding mine through all the minutes of all the hours this day.

And when night falls down, grant that I may know that I am gathered to your Sacred Heart to sleep in love and peace.

Amen

Consider celebrating Earth Day with your community on or around Earth Day April 22, 2023. The Lutheran tradition as well as the Bible are full of language and theology for celebrating and caring for God’s creation. Yet sometimes, in the rhythm of the liturgical year, it can be challenging to find a specific time to focus as a church community on the theme of creation. Earth Day Sunday provides just such an opportunity.

Congregations are encouraged to celebrate Earth Day Sunday either the Sunday before or the Sunday after Earth Day.

Since 1970, communities have taken one day each year to be especially mindful of the earth and its many gifts. There are a number of ways our congregations can celebrate and protect God’s creation. Help Immanuel to answer God’s call to be faithful stewards of creation. Consider volunteering and helping our Church Property Committee to maintain our church grounds and stop in to help with our landscaping to secure new plant growth. Reach out to our committee liaison, Bob Dorler to see how you can help.

**Genesis 1:9-13** And God said, “Let the waters under the sky be gathered together into one place, and let the dry land appear.” And it was so. God called the dry land Earth, and the waters that were gathered together he called Seas. And God saw that it was good. Then God said, “Let the earth put forth vegetation: plants yielding seed, and fruit trees of every kind on earth that bear fruit with the seed in it.” And it was so. The earth brought forth vegetation: plants yielding seed of every kind, and trees of every kind bearing fruit with the seed in it. And God saw that it was good. And there was evening and there was morning, the third day.

### MEADOWSCAPING: TO MOW OR NOT TO MOW

*I almost feel like it's the creepy start of a horror movie when I see a perfect lawn that has little yellow flag on it....it's covered with 2, 4-D, Mecoprop-p and Dicamba and, of course, Round-up.*

<https://www.insider.com/native-landscaping-doug-tallamy-lawns>

**Meadowscaping** is more than planting a seed or planning a garden – it transforms ordinary spaces into a celebration of biodiversity, a habitat for birds and insects, and a home for native plants, beauty, and harmony.

**Meadowscaping** is gardening with *pollinator-friendly, perennial native plants* – with the intention of building healthy, resilient communities. Planting native plants for birds and pollinators is the way to be responsible! We all pay a high price for the notion of “perfectly manicured lawn”. Perfectly manicured means gas machines, noise, pollution, bagging up valuable leaves, pesticide poisons and no habitat for butterflies and birds. Native plants grew before the 1550s when Europeans brought other plants here. Over thousands of years, native insects evolved to subsist only on specific native flowers, grasses, shrubs, and trees.

Deer ticks carry disease and effect anyone who spends time out of doors in NWPA. Mowed lawns and non-native plants do not sustain a healthy ecosystem that naturally discourages ticks. Replacing even 1/3 of manicured lawns with perennials, shrubs and trees provide a healthier ecosystem for native insects, which feed native birds, bats and other creatures who eat the insects, including ticks! If you're lucky native non-poisonous snakes will eat mice, who carry deer ticks.

Mow less and create a native, healthy landscape around your home. You'll be caring for creation and creating self-sustaining natural, healthy habitats you can also enjoy. Doug Tallamy, an entomologist at the University of Delaware, wants to see lawns replanted with native North American flora, supporting a healthy array of native North American butterflies, moths and other arthropods, providing food for a robust population of songbirds, small mammals and reptiles. He even has a name for it: *Homegrown National Park*, an aspirational project to repurpose half of America's lawnscape for ecologically productive use. That would comprise more than 20 million acres, the equivalent of nearly ten Yellowstones. The intention is to unite fragments of land scattered across the country into a network of habitat, which could be achieved, he wrote in *Bringing Nature Home*, “by untrained citizens with minimal expense and without any costly changes to infrastructure.” The plots wouldn't have to be contiguous, although that would be preferable. Moths and birds can fly, and you're helping them just by reducing the distance they have to travel for food. “Every little bit helps,” Tallamy says. “Most people don't own 50 acres, so it's not going to be that hard. The minimal thing is, you plant a tree and it's the right tree.” [www.smithsonianmagazine.com/science-nature/meet-ecologist-who-wants-unleash-wild-backyard-180974372/](http://www.smithsonianmagazine.com/science-nature/meet-ecologist-who-wants-unleash-wild-backyard-180974372/)
