Hey Team

I was just reviewing the Board packet getting ready for the Board meeting on Friday and I saw the minutes. The results of the below motion don't bother me but there is a clear conflict of interest with the maker of the motion. I believe Gaf is the program manager at Grossmont already. At the very least he should not be making a motion to support a bond if he is already managing a bond program there. That doesn't look good. In many cases having the SDCTA support affects the outcomes of these bond elections so its critical we do not have financial conflicts.

Just sharing my opinion. See you Friday.

Proposition V: Grossmont Cuyamaca Community College District Bond Measure

Presented by Cate. See report for full details. Gaffen/Morgan MOVE to APPROVE the staff recommendation to SUPPORT Proposition V. VOTE: Motion PASSES 21-0-4(Yes- No-Abstain)
