SIGNATURE DIRECTIONS

Application must be signed twice

Dear Customer,

There are two sections on the application for signatures. There is a section for the business and a section for the applicant. On the left side of the signature section, please type or print the name of the Business entity and sign the "By: _____" line. The "Its" line is for the signer's title. The applicant must also sign the right side on one of the lines for the applicant signature. The Primary Applicant must sign in both areas. Any and all others listed as directors of your corporation should sign where indicated in the right side of the signature section. With LLC corporations the Managing Member must sign both areas as above with all the other members signing on the right side.

Additionally, the spouses of all married applicants must also sign on the right side.

If you have any questions please call Glenn Miller at 480-731-9400.

Finally, we **MUST** have the ORIGINAL application back for our records. We can begin the application process with a faxed or e-mailed copy but we cannot open the account without the original signed application in our possession. Please mail or otherwise deliver it to us as promptly as you can.

Thank You,
