

Sites recommended by Julia Kirkwood during her presentation for the Tri-Lakes Association's Lake Coffee Break on July 17, 2025

1) Inland Lake Shoreline Energy Assessment Instructions - learn about interactions between waves, seawalls and shorelines

<https://storymaps.arcgis.com/stories/f96ed53ac0744ad8ad500d8be3cf39c5>

2) What to know about Canada geese? - amusing video [youtube.com](https://www.youtube.com) search "Sebastian the Goose"

3) Shoreline Protection Story Maps - real life examples showing before & after

[https://storymaps.arcgis.com/stories/63d101f3984d4c4e8720364d0fdd4431?utm\\_source=gis-story&utm\\_medium=web&utm\\_campaign=splash&utm\\_content=Bioengineered-Shoreline-Protection-on-Inland-Lakes-Storymap](https://storymaps.arcgis.com/stories/63d101f3984d4c4e8720364d0fdd4431?utm_source=gis-story&utm_medium=web&utm_campaign=splash&utm_content=Bioengineered-Shoreline-Protection-on-Inland-Lakes-Storymap)

4) Shoreline videos showing wave action

<https://www.shorelinepartnership.org/erosion-at-the-shoreline.html>

5) Midwest Glacial Lakes Partnership (MGLP) - Conservation Planner website. There are three tabs with Summary, Watershed details, and Shoreland details about many lakes. This site may load slowly because there is a lot of data. Type in a lake name and verify by checking for MI and Mecosta county:

<http://ifrshiny.seas.umich.edu/mglp/>

Some Mecosta County Lakes are included in the MGLP data: Tri-Lakes, Blue lake only; Horsehead; School Section; Canadian Lakes; Jehnsen;

6) MiEnviro portal - search inland lake water related concerns: look up permits; report spills; find public information and notices

<https://www.michigan.gov/egle/maps-data/mienviroportal>
