# ABOUT REXALL

*Rexall Laboratories and Chemicals is a proudly Canadian owned corporation with over two decades of experience in chemicals manufacturing and private labeling. The products manufactured and packaged by Rexall Labs are centered around a variety of chemical products and related services. The company also highly focuses on client needs, the understanding that individual customer requirements may be unique, and providing enough flexibility to accommodate the unique client requirements.*

## 01

### OEM PRODUCTS

We provide a wide variety of products in bulk loads, packaging base or custom blended to your specifications. Additionally, we offer toll blending, production, and packing to fit your needs from 2 oz tubes, pints, quarts, gallons, 5 gallon pails, and 55 gallon drums.

## 02

### CUSTOM BLENDING

Unique chemistry blends, both standard and private label. Chemical testing, conducted within our on-site laboratory. We offer comprehensive chemical blending services to customers. Blending tank capacity of 10,000 gallons, toll blending tanks feature mechanical mixers.

# 04

## FORMULATION DEVELOPMENT

- Formulation Improvements
- Cost reduction
- Raw material sourcing to match benchmarks
- Raw material recommendations and evaluations for enhanced performance
- Prototype starting formulations
- Customer specific formulations
- Small batch (up to 5 gallons)
- VOC determination
- Physical property measurements
- Color formulation
- Flash point
- Viscosity curves

# 03

## PRIVATE LABEL

Working with your team , We can offer formulation consultation, raw materials, and packaging choices, or you can bring your own formula, raw materials, and packaging.

Our in-house chemists can make recommendations for raw materials based on performance and cost. We also work with you on label requirements and packaging choices. Our production team will work with you to ensure a turn-key solution that is best suited to cover your product requirements immediately and long-term.

# 05

## LAB SERVICES

The lab services division of Rexall Laboratories & Chemicals provides product testing services to our customers in the form of chemical analyses and product performance analyses.

Our team of scientists and experienced formulation experts are here to help customers with product development, failure analyses, and industrial support to a broad range of Research Chemical Products/product applications.

MANUFACTURING RELATIONSHIPS. DISTRIBUTING QUALITY.

# GENERAL PURPOSE THINNERS

## MINERAL SPIRITS (RX590249)

The most widely used paint solvent for thinning of oil-based paints, varnishes, and enamels. Also effective as a clean-up solvent for brushes, rollers and spray equipment.

## METHANOL (RX590255)

Methanol is used primarily for thinning shellac. It is also appropriate for cleaning brushes that have been used with shellac, Dissolving gums, resins, and celluloid and as fuel for fondues or marine unpressurized alcohol stoves.

## ISOPROPYL ALCOHOL %99 (RX590263)

Isopropyl alcohol is a fast-evaporating solvent and industrial cleaning agent, intended for industrial or professional use only. It can be used as a solvent for gums, shellac, and essential oils.

## JAPAN DRYER (RX590212)

Japan Dryer is a special blend of lead-free drying agents that accelerates the drying time of oil-based paint and varnish.

## ODORLESS PAINT THINNER (RX590252)

Odorless mineral spirit and alternative to turpentine. Since it dries slowly, it is useful in thinning oil colours, varnishes and mediums.

## ACETONE (RX590231)

Acetone is a highly effective thinner and remover for epoxy resins, ink, adhesives, and lacquers. It thins and cleans fiberglass resins. Acetone evaporates quickly, and leaves no residue. Acetone can also be used to clean up dried latex paint, uncured lacquers, and adhesives.

## ETHYL ACETATE (RX590321)

Ethyl Acetate Used primarily as a solvent and diluent, being favored because of its low toxicity, and agreeable odor. It is commonly used to clean circuit boards and in some nail varnish removers. It is also used in paints as an activator or hardener.

**CHECK THE INDEX FOR AVAILABLE SIZES**

[www.rexalllabs.com](http://www.rexalllabs.com)

# HEAVY DUTY THINNERS AND SOLVENTS

## **XYLENE** (RX590234)

Xylene can be used to thin oil-based paint, lacquer, varnish, epoxy, adhesives and synthetic enamels when a slower rate of evaporation is desired.

## **METHYL ETHYL KETONE** (RX590239)

MEK is a thinner for specified coatings. It's designed to be used when evaporation slower than acetone is desired. It may be used as a thinner for polyester and epoxy resins, ink and adhesives. It will cleanup dried latex paint, lacquer and adhesives.

## **TOLUENE** (RX590237)

Toluene is a common solvent, for paints, paint thinners, silicone sealants, many chemical reactants, rubber, printing ink, adhesives, lacquers, leather tanners and disinfectants.

## **VM&P NAPHTHA** (RX590323)

VM&P NAPHTHA is fast evaporating, very good for solvent cleaning when using alkyd topcoats.

## MULTI-PURPOSE LACQUER THINNERS

### **LACQUER THINNER 4311** (RX590241)

This is a professional strength, general purpose, medium fast dry lacquer thinner for use in thinning clear and pigmented nitrocellulose lacquers and epoxies. Excellent for cleaning brushes, rollers and spray equipment. Good also as a parts cleaner and degreaser.

### **LACQUER THINNER 4317** (RX590341)

This is an Alcohol base Lacquer thinner with much less Ketone smells and strong strength in lacquers and epoxies.

### **LACQUER THINNER 4312** (RX590243)

Used in thinning nitrocellulose alkyd lacquers, use in industrial product finishing.

### **LACQUER THINNER 4315** (RX590245)

It is formulated and designed as a complete replacement for Chem Craft 121-001

### **LACQUER THINNER 4316** (RX590246)

It is formulated and designed as a complete replacement for CANLAK Lacquer Thinner

# REDUCERS AND THINNERS

## **THINNER 50-50** (RX590271)

Thinner 50-50 is a common Toluene - Acetone Blend which use in various applications.

## **SLOW REDUCER 4210** (RX590279)

Slow Reducer 4210 is a strong solvent designed primarily for use with moisture cured urethanes. Relatively Medium fast drying. Ideal for spray applications.

## **SLOW LACQUER REDUCER** (RX590339)

This product formulated and designed as a complete replacement for Chem Craft 121-802

## **HIGH SOLIDS COMPLIANT THINNER** (RX590345)

This is a Low VOC Medium-Fast thinner use in Polyamid Epoxies, polyester modified, aliphatic, acrylic polyurethane and any in-shop application.

## **THINNER 30-70** (RX590273)

Thinner 30-70 is a common Toluene - Acetone Blend which use in various applications.

## **MEDIUM REDUCER 4211** (RX590280)

Medium fast evaporating for use in epoxies and alkyds.

## **FAST LACQUER REDUCER** (RX590340)

Fast Lacquer Reducer is formulated and designed as a complete replacement for Chem Craft 121-803

# HEAVY-DUTY CLEANERS AND REMOVERS

## **PAINT AND VARNISH REMOVER** (RX590200)

Heavy duty, gel stripper. Used to strip lacquers, alkyds, acrylics, enamels, some epoxys and some catalysed lacquers. It does not attack metal materials, steels, aluminium, titanium. The product has the ability to penetrate and remove up to 5 layers of coatings.

## **INDUSTRIAL FLO PAINT STRIPPER** (RX590223)

Industrial Flo Paint Stripper is a stripper with additives that enhance the penetrating and stripping power. It has been used by professional furniture strippers for years. Our stripper has been used to strip lacquers, alkyds, acrylics, enamels, epoxys and some catalysed lacquers.

## **SOLVENT STRIPPER 4111** (RX590215)

Specially formulated to remove any paint and epoxy from any Metal or Wood Object.

## **CONTACT CEMENT CLEANER** (RX590227)

Restores contact cement to its ideal consistency or clean off excess contact cement.

## **FURNITURE STRIPPER** (RX590203)

Furniture Stripper removes old paint, varnish, shellac, lacquer and urethane, even multiple coats with simple brushing. Because it contains no water, it is safe to use on fine furniture

## **PREMIUM GUN WASH** (RX590266)

Gun Wash specially designed for cleaning spray guns and lacquer painting equipment, less flammable than Acetone. Excellent for use in auto body shops and garages.

## **WALLPAPER REMOVER** (RX590228)

Wallpaper Remover effectively penetrates through wall covering and dissolves the old adhesive. It will not harm painted surfaces.

## **KWIK CLEAN** (RX590225)

iDynamic Kwik Clean is the perfect clean-up product after painting. It makes all paints water washable. Cleans all painting tools like new!

### **WAX AND GREASE REMOVER** (RX590269)

Wax & Grease Remover is suitable as a Solvent Cleaner for the removal of contaminants prior to painting. It can be used for cleaning any paint or metal surface.

### **LIQUID SANDER** (RX590206)

Liquid Sandpaper attacks the surface of older coatings to allow the new coats to get better adhesion making painting & wallpapering easier. Liquid Sandpaper does not contain water and therefore will not raise the grain.

### **SILICONE AND ADHESIVE REMOVER** (RX590270)

Silicone & Adhesive Remover removes silicone caulks, sealants, and adhesives more effectively and quickly.

### **PAINT AND COATING REMOVER** (RX690121)

This remover is designed to remove paint and coatings on surfaces where abrasive blast cleaning is not an option. Using Paint & Coating Remover will ensure that the original appearance of the substrate is not damaged in any way.

REXALL LABORATORIES AND CHEMICALS IS A CANADIAN BASED ORGANISATION. THE PRODUCTS PROVIDED BY THE COMPANY ARE CHEMICAL PRODUCTS AND ASSOCIATED SERVICES. THE COMPANY ALSO PLACES A HUGE VALUE ON CLIENT REQUIREMENTS AND UNDERSTANDING.

# LOW VOC URETHANE REDUCERS

**LOW VOC FAST URETHANE REDUCER** RX590341

**LOW VOC MEDIUM URETHANE REDUCER** RX590282

**LOW VOC SLOW URETHANE REDUCER** RX590281

Designed for use in virtually all brands of urethane primers, topcoats and clearcoats. These reducers must be used in the No Mix Low VOC Basecoat System in order for the basecoat to be 50 state compliant. They are suitable for overall or spot/panel refinishing and assist in producing brilliant gloss and superior leveling.

## LOW VOC BASECOAT REDUCERS

Low VOC Basecoat Series is an Economically friendly, high performance basecoat featuring outstanding dry times, excellent metallic control and optimum reparability.

**LOW VOC FAST BASECOAT REDUCER** RX590351

**LOW VOC MEDIUM BASECOAT REDUCER** RX590350

## LOW VOC URETHANE UNIVERSAL REDUCER

This reducer makes painting easier by improving atomization and flow-out of urethane paints and epoxy primers.

**LOW VOC FAST URETHANE UNIVERSAL REDUCER** RX590358

**LOW VOC MEDIUM URETHANE UNIVERSAL REDUCER** RX590352

**LOW VOC SLOW URETHANE UNIVERSAL REDUCER** RX590359

**ZERO VOC URETHANE FAST REDUCER** *RX590354*

**ZERO VOC URETHANE MEDIUM REDUCER** *RX590355*

**ZERO VOC URETHANE SLOW REDUCER** *RX590356*

# ZERO VOC URETHANE REDUCERS

Zero V.O.C. Urethane Reducers are to be used in Urethane and Enamel paint products in areas requiring low V.O.C. compliance. These reducers can be used without increasing V.O.C.s

**PRIME WASH** *RX590353*

# PRIME WASH

Final Wash is a mild solvent cleaner that removes sanding dust and compound residue from primed or painted metal surfaces.

**ADHESION PROMOTER** *RX590357*

# ADHESION PROMOTER

Plastic Adhesion Promoter that provides maximum adhesion of top coat. Promotes adhesion of paints, primers, urethane and epoxy repair materials to thermoplastic olefins family of plastics.

# URETHANE BASECOAT REDUCERS

Slow dry urethane basecoat reducer excelling in almost any brand of primer, basecoat, or clearcoat where a urethane grade reducer is required. Provides outstanding metallic control and provide brilliant gloss and superior leveling.

**FAST URETHANE BASECOAT REDUCER** RX590347

**MEDIUM URETHANE BASECOAT REDUCER** RX590346

**SLOW URETHANE BASECOAT REDUCER** RX590345

# PREMIUM GUNWASH

Gun Wash specially designed for cleaning spray guns and lacquer painting equipment, less flammable than Acetone. Excellent for use in auto body shops and garages.

**PREMIUM GUNWASH** RX590266

# LACQUER THINNER

This is a professional strength, general purpose, medium fast dry Lacquer thinner for use in thinning and cleaning spray equipment.

**LACQUER THINNER 4311** RX590241

# ENAMEL REDUCERS

Enamel Reducers assists in blending and spot panel automotive repairs. Use in regular or acrylic enamels. Produces a brilliant gloss and superior leveling. it is a premium blend of high quality virgin grade materials, which are formulated to produce excellent results.

**FAST ENAMEL REDUCER**  
RX590344

**MEDIUM ENAMEL REDUCER**  
RX590343

**SLOW ENAMEL REDUCER**  
RX590342

**SILICONE AND ADHESIVE REMOVER** RX590270

## SILICONE & ADHESIVE REMOVER

Removes silicone caulks, sealants, and adhesives more effectively and quickly .

## WAX & GREASE REMOVER

Cleans and degrease metal, plastic and fibreglass.

**WAX AND GREASE REMOVER** RX590269

# POLICIES

## **FREIGHT AND DELIVERY**

- Shipments can be arranged as per customer instructions.
- The most economical shipping method will be used on F.O.B. basis.
- All shipments are subject to and will follow Federal DOT and TDG Regulations.
- Orders are shipped within 48 hours of receipt, depending upon availability.
- We offer prepaid shipping services. Please contact us for details.

## **QUALITY**

- All products are guaranteed to meet specifications. Certificates of Analysis are available upon request.

## **ORDERING INFORMATION**

- Send your purchase order to [orders@rexalllabs.com](mailto:orders@rexalllabs.com)
- Contact one of our agents in your area

# PRODUCT LIST

All product sizes are available as shown below.  
We also can customize your packaging needs accordingly.

Product Code	Product Name	Size
RX590200	Paint and Varnish Remover	946ml
RX590200-1	Paint and Varnish Remover	1 US Gal
RX590200-5	Paint and Varnish Remover	5 US Gal
RX590203	Furniture Striper	946ml
RX590203-1	Furniture Striper	1 US Gal
RX590203-5	Furniture Striper	5 US Gal
RX590206	Liquid Sander	946ml
RX590206-1	Liquid Sander	1 US Gal
RX590209	Brush Cleaner	946ml
RX590209-1	Brush Cleaner	1 US Gal
RX590212	Japan Dryer	946ml
RX590213	Turpisol	1 US Gal
RX590215	Solvent Stripper 4111	946ml
RX590215-1	Solvent Stripper 4111	1 US Gal
RX590215-5	Solvent Stripper 4111	5 US Gal
RX590215-55	Solvent Stripper 4111	55 US Gal
RX590219-1	Trim S	1 US Gal
RX590219-5	Trim S	5 US Gal
RX590221-1	Industrial Paint and Varnish Remover	1 US Gal
RX590221-5	Industrial Paint and Varnish Remover	5 US Gal
RX590223-1	Industrial Flo Paint Stripper	1 US Gal
RX590223-5	Industrial Flo Paint Stripper	5 US Gal
RX590225	Kwik Clean	946ml
RX590225-1	Kwik Clean	1 US Gal
RX590227	Contact Cement Clenaer	946ml
RX590228	Wallpaper Remover	946ml
RX590228-1	Wallpaper Remover	1 US Gal
RX590228-5	Wallpaper Remover	5 US Gal
RX590231	Acetone	946ml
RX590231-1	Acetone	1 US Gal
RX590231-5	Acetone	5 US Gal

RX590342	Slow Enamel Reducer	946ml
RX590342-1	Slow Enamel Reducer	1 US Gal
RX590342-5	Slow Enamel Reducer	5 US Gal
RX590353	Prime Wash	946ml
RX590353-1	Prime Wash	1 US Gal
RX590353-5	Prime Wash	5 US Gal
RX590343	Fast Enamel Reducer	946ml
RX590343-1	Fast Enamel Reducer	1 US Gal
RX590343-5	Fast Enamel Reducer	5 US Gal
RX590352	Low VOC Medium Urethane Universal Reducer	946ml
RX590352-1	Low VOC Medium Urethane Universal Reducer	1 US Gal
RX590352-5	Low VOC Medium Urethane Universal Reducer	5 US Gal
RX590354	Zero VOC Fast Urethane Reducer	946ml
RX590354-1	Zero VOC Fast Urethane Reducer	1 US Gal
RX590354-5	Zero VOC Fast Urethane Reducer	5 US Gal
RX590355	Zero VOC Medium Urethane Reducer	946ml
RX590355-1	Zero VOC Medium Urethane Reducer	1 US Gal
RX590355-5	Zero VOC Medium Urethane Reducer	5 US Gal
RX590356	Zero VOC Slow Urethane Reducer	946ml
RX590356-1	Zero VOC Slow Urethane Reducer	1 US Gal
RX590356-5	Zero VOC Slow Urethane Reducer	5 US Gal
RX590357	Adhesion Promoter	946ml
RX590357-1	Adhesion Promoter	1 US Gal
RX590357-5	Adhesion Promoter	5 US Gal
