

Fall 2019

Dear Business Owner or Manager,

Indianapolis has long taken pride in the accomplishments of its high school students in academics, athletics, and performing arts. We'd like to give the business community the opportunity to support these students in much the same way that their families support local businesses with their patronage.

The North Central High School Band Parent Organization (NCBPO) will present its twelfth annual Silent Auction on the evening of the Holiday Concert, on Monday, December 9, 2019. The donation of an auction item or gift certificate will help NCBPO raise much-needed funds for the enrichment of the band members. Auction proceeds will help provide instruments, uniforms, guest clinicians, and travel funds for competitions and performances.

It is also possible to purchase a business card advertisement to be placed in the auction program for \$50. Whether your business provides an item for the Silent Auction, or purchases an ad, the support of band students is tax deductible. The NCBPO treasurer will issue a receipt to your business for tax purposes following the auction.

Please visit www.northcentralbands.com for more information about North Central Band activities. We appreciate your generous support of the North Central Bands, and for being a part of North Central "Panther Pride."

Sincerely,

Jon and Jodi Crabel
