

*Delivery Instructions for 2017 SENA
Frozen, Fresh and Dry shipments for J&D Transportation:*

Who we are and what we can do:

We are a local Boston trucking company servicing the Seafood Expo North America yearly. We are here to help with any and all your needs concerning shipments to the show site. We will do all we can to ensure your shipments are properly delivered to the show.

1. You will need to have your product delivered to Araho Transfer. Once your product (frozen, fresh, non perishable etc) is delivered to Araho Transfer, J&D will arrange for shipments to be consolidated at Araho Transfer with final delivery by J&D Trans to the Boston Convention Center.

 4. Please visit their website for days of operation and hours

2. J&D Trans **CAN** arrange to have air shipments picked up at Boston Logan Intl Airport. All air freight/airport fees must be paid in advance by the customer/broker. J&D **cannot** make

payment for these fees. J&D will consolidate shipments at Araho Transfer and make final delivery to Boston Convention Center.

3. Deliveries to the Boston Convention Center will begin on Wednesday 03-15-2017 (Prearranged with show management) and will make subsequent deliveries through Saturday 03-18-2017 as necessary. Please note Overtime Rates on any and all shipments delivered Saturday to Boston Convention Center will be charged by Show Management to the customer.

4. Rates: All rates will be quoted individually on a per shipment basis by J&D Transportation. All billing including Araho charges will be billed by J&D Transportation including storage and transfer fees.

What you will need to do:

J&D Trans and Araho will be working together, so it is very important to e mail any and all paperwork to all 6 contacts noted above at J&D and Araho.

Please note the following steps are critical to proper delivery to the Boston Convention Center. We cannot stress the importance of proper paperwork and timely communication. We cannot be held accountable for easily avoidable mix-ups.

1. Bill of Ladings - ** Very Important Ensure ALL bill of lading used/sent MUST have the Company name, Booth number and specific instructions clearly documented. Hundreds of shipments are delivered for this event, so please follow these steps to ensure instructions are clear and concise. Special requests after the fact are impossible to keep track of and mix up's are inevitable.**

2. Cases/Boxes marked "Frozen, Fresh, non-Perishable" - Each and every case/box must be marked properly as far as frozen, fresh and or non perishable. This must be done before product is shipped. This cannot be done at consolidation point or after. *Shipments are often commingled on the trucks and at destination, therefore any unmarked packages may not be delivered as required.*

3. Product Delivery to Araho Transfer - You should arrange to have your shipment arrive at Boston (Araho Transfer) by Tuesday, March 14th through Friday morning March 17th. Earlier is also better. Araho will start receiving your product after the 1st week of March. J&D is a local Boston carrier, we cannot arrange any air shipments, Customs clearance and/or long-haul shipments. Our customers must arrange to get the shipments to Boston. (See below for Airport pick up's) We strongly encourage to plan for the unexpected as far as shipments go. It is winter time and your long haul trucks and Airlines have frequent weather related delays. We also

understand Fresh product needs to be fresh as possible and we will always accommodate anything possible.

4. Pick-up at Logan Intl Airport - We CAN arrange to have your air shipments picked up at Boston Logan Int Airport etc. All air-freight/airport fees **must** be prepaid by customer or broker. Please provide with as much notice as possible, freight details: when air-freight will be delivered, how much product and type of product (Frozen, Fresh, Non-perishable).

We appreciate your business and look forward to providing services to the Seafood Expo North America. It is very important that these instructions are followed. As you now communication is the most important ingredient to success.

Additionally, the show is located in New England and weather can be unpredictable, we always suggest to ship earlier than later due to inclement weather that may affect deliveries. We will do everything and anything we can on our end to ensure all goes smoothly.

Thank you from both J&D Trans and Araho Transfer
