

Well not much to say but that the world still sucks. Ha-ha. Region 15 will be doing our annual bowling tournament; it is for May 1st at 630. Please come and support us and have some fun and see how many people I can make wear our special helmet. This is a smaller bowling alley so anyone looking to join us please r.s.v.p asap so I can promise you a lane. I can't wait for this to be over and hopefully it is soon because riding season it right around the corner. Let's all focus on having a safe but great year and forgetting how bad 2020 truly sucked.

Also I know there has been some talk about the field meet and how they are not wanting us to not fly any president signs....freedom of speech is a beautiful and powerful thing but only when used correctly. The game ground gives us really good discounts and allows us the freedom to party like ABATE parties.....if this is there only request then I say we respect their wishes, keep Trump (or the other guy) in your heart but not on your flag poles.

By the way I don't check my spelling or grammar I round words off to the nearest word and keep going. It's the Alabama way so hopefully everyone understand what I'm saying ha-ha until next time be safe and ride smart.
