## DMR EMPLOYMENT ~ JOB ANNOUNCEMENTS

---

### **INTERN - JR. TECHNICIAN**

Provide entry level maintenance tasks for military equipment, custom components, and hardware. Responsibilities include, but not limited to: cleaning, identifying, segregating, storing, testing, handling, and inspecting materials at the off-base Depot Repair Facility (DRF). Candidates should have a basic technical knowledge and skills to operate mechanical tools and machines that support the refurbishment of parts. Technicians utilize equipment to prepare metal parts for inspection. Proper care of government furnished equipment and materials are essential while following specific technical instructions and safety requirements.

### **REQUIRED QUALIFICATIONS:**

- Must be U.S. Citizen
- High School graduate or equivalent
- 1 year of related repair and maintenance job experience
- Must be able to lift, carry, and pull up to 50 lbs. when loading equipment or supplies

Submit resume, cover letter, and (3) professional references to the company website:
