SCHOOL BOARD

Tony J. Trujillo, Member; Floyd M. Mansell, Jr.; Vice Chairman; Malcolm S. Major, Jr. Chairman; S.E. Gutierrez, Jr. Secretary; (not shown) Gerald Walters, Member.

Mr. J. Buck Doran

To the Annual Staff and Sponsor

All workmen must have a set of good tools. It is the task of every high school student to obtain the best tool possible; the tool of language, the tools of mathematics, and the tools of social science and the manual skills. And most important of all is the hope that every Magdalena student will learn how to learn.

In our present day complex social order rapid change is taking place. To join that social order requires adaptability. Rapid technological advances are pouring out of our research centers. Much knowledge is needed to keep up with and enjoy the products of technology. In high school is the best place to get a "head start" with a good set of learning tools, to develop a set of proper attitudes for social living, to acquire the skills necessary for survival in this complex social order in which we live.

In short, students, learn all you can, so there will be no cause for regret later. Our best wishes to each of you.

Mrs. Lucille Gutierrez
Secretary

Sincerely yours,

J. Buck Doran

Mr. Ray Smith, Principal

To the Steer Staff and Sponsor

It pleases me greatly to commend you highly for the manner in which you depicted our school and its program to the school patrons.

This yearbook, I assure you, will be highly cherished by all those who possess one.

I am reasonably certain you have all gained considerable experience in business management and cultivation of desirable public relations, through this worthy yearbook production.

We certainly appreciate the public service you have rendered our school.

Yours truly,
