“PINK” PASS PROCEDURE

Should you wish to take your travel trailer in and out of the community without having the trailer continually checked upon your arrival, you will need to have a slip filled out from the Admin Office showing your Glen, Lot, make, model and tag number of your trailer. Security will be given a copy of the slip for their records. This slip will need to be presented to Security when you return.

If your trailer does not match the information on that slip, you will **NOT BE PERMITTED** to bring that trailer onto property. You will need to obtain all of the necessary permits from your township and Breezewood Acres to bring that “new” trailer on property.
