

CAPABILITY STATEMENT

visiontoimages.com

Meet Hans, a visionary in the realm of video production. His journey began at the age of 16 as a student at Somerville High School, where he discovered his passion for video and recognized it as his chosen career path. In 2011, he took a significant step by founding Green Light Productions, a video production company. Under this banner, he launched The Entertainer's Show, a TV/web series providing a stage for underground performers aspiring to make their mark in the performing arts. Following a successful run of episodes, Hans made the strategic decision to conclude the show, redirecting his focus to the realm of commercials. This transition led to the birth of Vision to Images in 2016, which evolved into an LLC in 2020, officially becoming Vision to Images, LLC. Today, Hans channels his mastered skills into the commercial and film industry, shaping narratives and creating visual wonders through his production company.

COMPANY OVERVIEW

Vision to Images, LLC is your premier creative service provider, specializing in the production of compelling video content tailored for businesses. Our track record speaks for itself — consistently delivering high-quality productions. Committed to staying at the forefront of technology, we employ the latest tools and software in our work. **Our guiding philosophy, encapsulated in our tagline "Helping realize your VISION Through moving IMAGES," underscores our commitment to bringing your visions to life.** Our mission is simple yet powerful: to support and creatively bring to fruition our clients' ideas, ensuring their satisfaction with the end result.
